Officials To D.C. Over Base

Anderson, Kinsey Seek Aid

Reactivation Back In Confusion State

Worried Lincoln officials announced late Wednesday that they will fly to Washington immediately to see what's what with Lincoln Air Base reactivation, now seemingly stalled in mid-air.

Mayor Victor E. Anderson and Councilman C. W. D. Kinsey, chairman of the Citizens Air Base Committee, took a Wednesday night plane for Washington.

The reactivation — which had outwardly been sailing along smoothly—was tossed into a sea of confusion when a House Appropriations Subcommittee refused, at least temporarily to approve additional funds.

No Advance

And Sen. Fred A. Seaton told The Lincoln Star that he had been advised that the Air Force is "taking no steps to advance the Lincoln project pending settlement of the Committee's criticisms." But he said a formal hold or suspension order has not been issued to his knowledge.

The committee questioned whether it was wise to provide $3½ million to move the Naval Air Reserve Station out and $10 million more to help move the Air Force in. It asked for a full report from the services, justifying the action.

The air may be cleared by this week end.

Sen. Seaton said the requested report from the Navy will be filed with the Committee Thursday morning at a full meeting.

To Floor Friday

The Committee's report, he said, may reach the House flor Friday.

Mayor Anderson said before leaving for Washington:

"This has been just like a bombshell tossed under us. We had no idea it was coming up. We've received no official word or request that we go back to Washington but we thought it would be a good idea to check on what's going on."

Kinsey and Anderson were urged by the Citizens Committee to make the Washington trip during a meeting Wednesday afternoon, thinking it might help avoid delays on the Air Base work.

Sen. Seaton and Rep. Carl Curtis both feel the misunderstanding will be ironed out, but they agreed it might be helpful if we were there to answer any questions which might be raised," Kinsey said.

Set Talks

He and Anderson will call on Air Force officials with whom they have discussed the matter on previous occasions, and also will consult with Sen. Seaton and also Butler and Curtis. They will make any other calls which appear desirable.

Both Kinsey and Anderson thought the congressional committee probably did not have all pertinent information before it.

"They are studying a budget which involves billions of dollars for the Air Force and for other branches of the military and they can't be expected to know every detail," they said.

Meanwhile, there was speculation at City Hall—half-joking, half-serious—that the city might end up with two airports.

The whole thing had an ironic twist.

Before signing the lease with the Air Force for Municipal Airport, city officials wanted to make sure they would be able to develop Union Airport.

So when it was discovered that the city did not have a lease with Union officials, they delayed for three days signing with the AF—just when the hand was poised over the dotted line.

Some believe that Union lease would still be binding, even is reactivation is squashed. So it is possible the city would have two air-ports—at least for two years.

"LOOKS GOOD, EMIL"—The wheat he combined Wednesday tested good, too. Emil Betten (right) found after Ted Munn (left) elevator operator at Martel finished his examination of it. The wheat showed a moisture content of 13.5% early in the day, with a weight of 61.5 pounds. It brought him $2.01 a bushel. (Star Photo.)

Good Wheat Rolls Into County Elevators

Wheat—good wheat—began being trucked into elevators in Lancaster County Wednesday.

Many more farmers across the state expected to begin combining Thursday and most by the week end. It was a full week ahead of normal wheat harvesting: "Around the 4th of July" being traditional.

As the grain hissed down into the pits, elevator men reported that it's quality was good. Most of it stayed close to the 60-pound test weight, and moisture ranged near 12 and 13 per cent.

Although yield couldn't be accurately determined until a field is entirely "cleaned off," estimates were running from 30 bushels per acre up to a whopping 50.

Some Shattering

Test weight above 60 pounds draws No. 1 rating; desirable moisture is about 12 per cent, over 14 being unfit for storage. The bumper estimate for 1952 was based on an average yield of 24 bushels per acre.

A little shattering, caused by ripe grain and winds, was reported, but was not considered serious.

By Wednesday night, these reports came in: At Waverly (13%, 58-62 lbs.), Pleasant Dale (12½-16%, 60-61, lbs.), Cheney (13%, 60), Greenwood (13-14%, 60-61), and Lincoln (13.5-17%, 60).

And the boxcar situation around the state was reported "fairly good" at this time.

Harry King of the State Railway Commission cautioned that the outlook could "change awfully fast."

'Good Banks'

King said railroads operating in Nebraska had indicated they had a "good bank" of box cars to move the grain and commented the "turn about" situation probably would be the determining factor in movement of the grain.

By "turn about" King meant fast inspection and unloading of cars at the terminal markets so they could be quickly sent back into the harvest field areas.

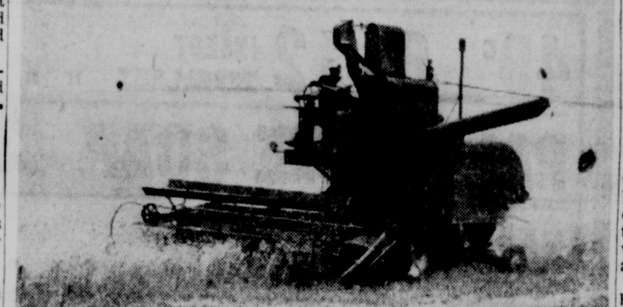

Main terminals in this area are at Omaha, Lincoln, Kansas City and St. Joseph.

The commission rate expert added that he understood the railroads were going to make "desperate efforts" to get quick inspection and unloading at the terminals, but that if cars are held there for a week or ten days the situation in the grain fields could get very serious.

Another factor, he said, is the amount of grain from last year still stored in terminal elevators. King said he had no estimate of what this amount might be.

But the overall picture now is that the box car situation will not be as tight as it was last year.

A story on Nebraska's 1952 wheat crop as it is shaping up on the state-wide level appears on Page 7.

COMBINING NEAR MARTEL—Clarence Freye is shown piloting a self-propelled combine through a wheat field on the Emil Betten farm near Martel. Betten was one of the first farmers to harvest in the county. About 330 acres on his 670-acre farm a mile east and a mile north of Martel are in wheat. (Star Photo.)

Allies Jab On Western Front

SEOUL (Thursday) (AP)—Allied troops along the sweltering 155-mile Korean battle front opened the third year of the war today with a hit and run jab at Communist territory on the Western front.

First reports of the action where sketchy. Only a Communist platoon opposed the Allied raiders in the thrust northwest of Yonchon. Red mortar and artillery fire were reported heavy .

Allied fighter-bombers pounded Communist supply lines throughout Wednesday.

A. U. S. Sabrejet pilot was credited with downing a MIG jet without firing a shot. A second MIG was probably destroyed by machinegun fire and a third was damaged.

In one of three dogfights along the Yalu River, Lt. Robert L. Goodridge of San Jose, Calif., was credited with destroying a MIG by forcing it into a violent spin.

Truman Approves Bill Authorizing Highway Aid

WASHINGTON (INS)—President Truman Wednesday signed a bill authorizing almost $1,387,000 in federal aid for highway construction over a two-year period beginning July 1.

Minden Man Head Alfalfa Dehydrators

LEXINGTON, Neb. (AP)—Howard Clark of Minden is the new president of the Nebraska Alfalfa Dehydrators Association, with Bob Wisemiller of Hastings as vice president.

Elections took place at the Association's annual field day here, attended by more than 200 members representing at least 36 towns in Nebraska.

Named to the board of directors were Ray Bates of Cozad, Jack Dillard of Darr and Louis Epel of Scribner.

Retiring President Charlie Kaup of West Point presided at the meeting.

Cold Front Gives State Cool Breath

... Will Stay Awhile Too

The refreshing cool air which began moving in on Lincolnites from the west Wednesday is expected to stay a while according to Walter F. Rumbaugh, supervisory meteorologist of the Lincoln Weather Bureau.

High readings for Thursday were expected to reach the 70s in the northwest to the 80s in the southeast.

Skies were expected to be partly cloudy with scattered thundershowers, mostly in the north and extreme west.

The cold front reached eastern Nebraska by afternoon Wednesday, dropping the mercury in Omaha from 98 degrees just before 1 p.m. to 93 by 1:30 p.m.

Cooler temperatures, said Rumbaugh, are the result of a cold front which pushed its way into Nebraska. The climax, or low temperature, is recorded when the northerly winds spend themselves. This is scheduled for Thursday morning.

Rain Possible

Before the warm air edges back, he said, another cold front passing to the east or south of Lincoln will produce more cool temperatures and possible rain.

High temperature Wednesday was 96, recorded at 11:20 a.m. That's when the cold front began its pleasing attack and the temperature began to fall. At 2 p.m. when, according to Rumbaugh, temperatures are usually at a peak, the mercury had dropped to 89.

Local predictions are based weather maps plotted in Kansas City every six hours.

These maps, said Rumbaugh, are compared with weather reports in Lincoln and Kansas City from midnight to 6:30 a.m. each day for checks on weather change movements. Pressure reports disclose the speed in which weather changes move.

According to Rumbaugh high winds which Nebraskans have been subjected to recently are caused from sharp contrasts in temperature. This usually occurs when a cold front moves in faster aloft than it does on the surface.

The same phenomena, said Rumbaugh, brings hail. He explained that warm air on the surface tends to rush upward into colder air. If rain is falling, the rising air carries the water upward until it freezes and again falls.

Rumbaugh, who celebrated his 30th anniversary with the U. S. Weather Service June 15, said the recent hot ell brought memories of his first week in Lincoln.

He said on July 25, 1936—a day in his first week in Lincoln—the temperature jumped to 115.

Omahan Says He Was Taken For $21,900

OMAHA (AP)—An Omaha restaurant owner, Luis Marchio, told police Wednesday he had been swindled out of $21,900 by a man posing as a Venezuelan oil millionaire.

The reported confidence game involved the purchase of a farm, a deal which was to have been completed Wednesday. Marchio said he put up the money temporarily to enable the deal to go through and was to get a commission on the sale as agent.

Marchio signed complaints against three men, charging them with obtaining money by false pretenses. The three were known to Marchio as Don Pedro Alomo, the alleged millionaire, a man using the name Rossi, who posed as his secretary, and a "contact man" who used the name Rodolfo Colosino and who claimed he was a long-lost relative of the restaurant owner.

Agreed To Help

Marchio told this story:

On June 3 he met Colosino, who claimed to be a relative from Italy. Colosino said he had been working for a rich Venezuelan oil man who was leaving that country because of the threat of Communism and was looking for a place to invest money in the United States. Farm land was mentioned.

Marchio agreed to help.

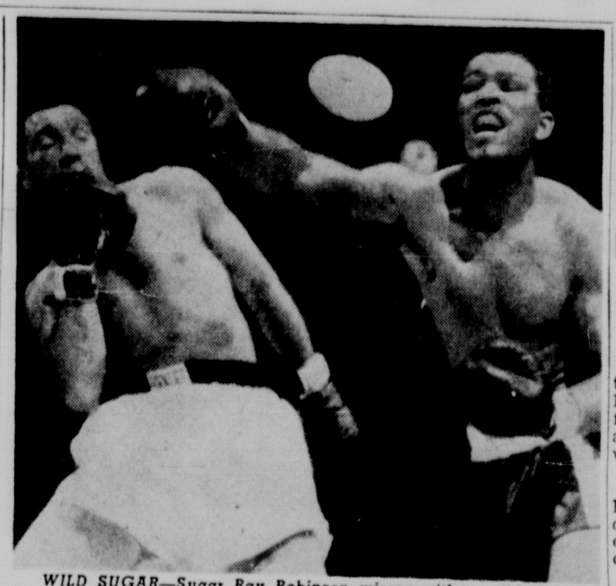

Rossi, the secretary, arrived, then Don Pedro himself.

Shown Clover Farm

The "millionaire" was shown the Kitty Clover farm on West Dodge Street and declared he must have that farm, regardless of cost. A transaction was arranged.

Don Pedro sent to Chicago for a strong box which, he said, contained $175,000. It was decided that $200,000 would be offered as a down payment. Marchio turned over $21,900 to make up the difference.

Wednesday the purchase was to have been made. But Don Pedro, his secretary, and the long-lost "relative" had disappeared, with Marchio's money.

WILD SUGAR—Sugar Ray Robinson misses with a wild right as Light Heavy-weight Champion Joey Maxim (left) eludes a haymaker in the second round of title fight in Yankee Stadium Wednesday night. (AP Wirephoto Wednesday Night.)

Sugar Ray Batters Maxim, But Heat 'Nails' Robey In 14th Round 'TKO'

(From Press Dispatches)

YANKEE STADIUM, New York, N. Y.—Waltzing Joey Maxim retained his world light-heavyweight championship here Wednesday after scorching 103-degree heat "TKOed" middlecrown holder Sugar Ray Robinson in the 14th round.

The dashing Harlem Sugar Daddy, never before stopped in 136 previous bouts, carried the fight to Maxim all the way and was leading by some 11 rounds when the end came.

He could not get to his feet to answer the 14th round bell. An examining doctor said he had suffered "heat exhaustion" from his efforts to knockout Pal Joey during the early frames.

The heat had previously taken Referee Ruby Goldstein out of action. The ref couldn't go beyond the tenth.

Thus colorful Sugar missed a chance to add a third crown to his many fighting honors.

A crowd of some 47,000 ringsiders indicated their disapproval of Maxim throughout. They seemed to think Joey wouldn't fight. They believed Robey was a cinch when the dramatically sudden end came.

(For details and more pictures, see the sports section.)

Break In Main Cuts Off Water To White House

WASHINGTON (AP) — With Washington engulfed in a record-breaking heat wave, a giant water main burst Wednesday cutting off water to the White House and much of downtown Washington.

Officials said they hoped to get the break repaired by Thursday.

Thousands of Washingtonians were caught off guard without a drop of water in the house. The break occurred shortly after 2 p.m., (EST), hours before most housewives normally draw water for cooking purposes.

The big downtown hotels immediately began "rationing" water. The Statler stopped washing dishes and halted room service orders for ice cubes.

At the White House, the air conditioning system was cut off, but that didn't bother President Truman who dislikes it. The President's wife and daughter, Margaret, were out of town.

Quick action by the White House staff made water available for Truman to bathe. As soon as staff members heard of the break, they filled a lot of 40-gallon cooking cauldrons with water.

Today's Chuckle

The sailor climbed into the barber chair: "Cut my hair medium, my sideburns long and the conversation short."

Life And Death Lines Slated On Local Streets

Life and death lines—and not the kind that a palmist reads in her customers' hands—are going to appear in downtown Lincoln within several days.

It's a new twist from "throw out the life-line" to "toe out the life-line."

At several intersections in the heart of the business district, motorists and pedestrians will soon notice freshly-painted white lines near the curb marked "life line" in black stencilled letters.

Stay Back

Out farther in the danger area will be the mark of "death"—the yellow line.

It is not someone's idea of a "joke," but the latest project of the Lincoln Junior Chamber of Commerce safety committee, who plan to start painting at 6 a.m. Sunday.

City officials have given their stamp of approval upon the safety committee's "pedestrian-conservation" campaign and have given permission for the painting to be done.

On Two Streets

The life and death markings will appear at intersections between 10th and 14th on O Street and at 13th and N. Each intersection will have a total of 16 of such markings.

The Jaycee committeemen said they feel there is a need for such warning signals for pedestrians who endanger their lives by stepping out from the curb while waiting to cross the streets.

House Is Set For Rollcall

End Of All Controls Gets Tentative Approval

WASHINGTON (AP) — A coalition of Republicans and Southern Democrats routed administration forces in the House Wednesday and voted tentatively to end all wage and price controls July 31.

The vote was 118 to 87.

When it became clear they had lost command of the voting, President Truman's lieutenants called off further consideration of the controls bill Wednesday.

They will rally their forces overnight and try today to get wage and price controls back into the measure with a final roll call vote. There was no record made of how individual congressmen voted in Wednesday's tentative action.

T-H Act Recommended

If the administration loses today's showdown, all that will remain of the controls bill will be rent curbs, allocations for scarce materials and a request that the President use the Taft-Hartley Act to stop the steel strike.

The House Banking Committee previously had stripped the bill of all consumer credit controls.

Last Friday the House voted provisionally to lift price controls from almost all consumer goods and to abolish the Wage Stabilization Board. These votes are also subject to final roll call action.

The amendment to let price and wage controls die at the end of next month was sponsored by Rep. Barden (D-NC).

Expires Monday

A few Republicans supported the administration.

The Defense Production Act, with all its control powers, will expire at midnight Monday unless Congress acts to extend it.

Barden told the House he chose the July 31 date to allow a full month "to bundle up all their plans and petitions and allow them time to close up their office in an orderly way down there."

The Senate has agreed to extend controls until next Feb. 28.

So if the Hoouse votes to kill them today, a Joint Conference Committee will be handed the task of trying to reconcile House and Senate views in a compromise bill.

450 All-Staters Attend Festivity Ending Sessions

More than 450 All-Staters, University of Nebraska faculty members and counselors heard tributes to this year's All-State session Wednesday night at the Student Union.

It was the final get together for Staters, who have participated in the fine arts program at the University during June.

Chancellor R. G. Gustavson of the University of Nebraska told the assembled Staters, attired in formal wear, that their work in speech, art and music is "an inspiration to the University."

Special recognition was paid by Toastmaster Lee Kjelson to housemothers, counselors, faculty, the dance band, newspaper workers, food service heads and Tom Talbert, a Stater from Borken Bow who designed the cover for the final concert program.

(Review of the final All-State concert on Page 16)

Fooled The Doctor:

Mrs. A. A. Hall 100 Years Old Today

A Lincoln woman and her husband set out one day for "sunny California" to spend what doctors believed would be the last two years of their lives. But that was 26 years ago.

Now, Thursday, June 26, the woman—Mrs. A. A. Hall—will be celebrating her 100th birthday at her home in Santa Marquerita, Calif. Her husband died just seven years ago.

The centenarian anniversary will be a comparatively quiet affair, but will be a time for family get-togethering, too.

Two of Mrs. Hall's daughters, Mrs. Harry Mulliner of Lincoln and Mrs. L. C. Oberlies of Tacoma, Wash., have traveled to Santa Marguerita for the occasion. Another daughter, Mrs. William H. Moore, and a son, O. K. Hall, reside in the California city.

Up until February of this year, Mrs. Hall was exceedingly active and spent much time crocheting, sewing and reading. Until recently, Mrs. Hall and her knitting needles were "inseparable"—she worked at knitting incessantly through both World Wars. But the past few months have dimmed her eyes and curtailed her activities considerably.

While a resident of Lincoln,

MRS. A.A. HALL . . . active until recently . . .

Mrs. Hall was active as a Sunday school teacher. She was always participating in work of her church, First Christian, and was teaching the adult women's class there when she left for California.

Among her Sunday school pupils at First Christian Church were the late Dr. David Hilton, Dr. C. C. Hickman, Dr. E. R. Ryerson—the well-known New York attorney, Merton Corey and Dr. Gervase Barger, who served many years as a medical missionary and now lives in Washington, D. C.

Another activity while Mrs. Hall was in Lincoln was the teaching of a Sunday school class at the State Penitentiary. She volunteered her services there from 1898 to 1902.

The Weather

NEBRASKA: Partly cloudy Thursday and Friday with scattered afternoon and evening thundershowers mostly in the west portion. Cooler southeast Thursday. Warmer west Friday. Highs Thursday 75-80 northwest to 80s east and south.

Total 1952 precipitation to date, 15.27 inches.
Night station pressure, 28.62.
Night sea level pressure, 29.85.
Night relative humidity, 86 per cent.

53 Years From Army:

Spanish War Vets Are Reunited Here

"Sure, we recognized each other," chimed the two men.

One agreed the other had put on a "little weight," and both acklowledged that Fred had "lost a little," but the two Spanish-American War buddies, who had not seen each other since 1899, were quite at home with each other here Wednesday.

It was a big day for L. R. Fitch, Lincoln, and Fred W. Marquadt, Wolf Creek, Ore., when the two got together for the first time in 53 years since being mustered out of Company "I" Third Nebraska Volunteers.

"Fred stopped in on his way to visit relatives in Omaha," Fitch said. "I went to the bus station to pick him up—I would have known him anywhere."

They recollected that Marquadt must have been "about 21" when the two parted company and Fitch, two years younger. "Couple of kids. . .," they mused, and began reminiscing about their service in Havana, Cuba.

They especially remembered the "pretty women" down there, and did a lot of talking about their regimental commander, the great William Jennings Bryan. Marquadt, who contacted malaria in Cuba, recalled that Col. Bryan was "right along in the ambulance" which took him to Panama Park.

Fitch, who has lived in Lincoln for more than 50 years, has been employed as clerk in the register of deeds office for the past six years. It was through his correspondence to "old comrades" of Company "I" that the two men renewed their acquaintance, but Marquadt's visit to the Fitch home at 3109 No. 41st was unarranged—a "big surprise."

Fitch was one-time president of the Third Nebraska Survivors Association, and as secretary and ex-company clerk, has kept in contact with a number of his former "buddies." Of the more than 100 in the company, only about 40 are still living, he said.

Marquadt went to the West Coast after leaving service and since the death of his wife about a year ago has spent the time traveling and visiting friends. This was his first trip to Nebraska in 53 years.

The pair said they "really were enjoying themselves" catching up on their activities in past years.

"Even found out we'd both been members of the Odd Fellows for the past 35 years or so," they said.

"That was another link—we would have seen ach other again one way or the other," added Fitch.

NOT SINCE '99—Had these two Spanish-American War vets seen each other. L. R. Fitch, Lincoln, (left) talks over the "old days" with Fred W. Marquadt, Wolf Creek, Ore. (Star Photo.)

Reds Silent On PW Issue

MUNSAN (Thursday) (AP) — Communist truce delegates quit talking Wednesday about the Allied screening of Red war prisoners. The abrupt silence on the Reds' favorite subject left some observers wondering about its significance, if any.

At any rate, Wednesday's armistice meeting at Panmunjom got nowhere.

Another session was scheduled today at 11 a.m. (8 p.m., CST, Wednesday).

For days the Reds had bitterly assailed the Allied announcement that 27,000 civilian internees would be released in South Korea and that 45,000 prisoners on Koje Island were being screened.

—Republicans—

Ike Has Passed 400-Mark

Hopeless Deadlock At Chicago Is Possible

(By the Associated Press)

Gen. Dwight D. Eisenhower passed the 400-mark for the first time Wednesday in the race for delegates to the Republican national convention and now has slightly more than two-thirds of the 604 votes required for nomination.

A new poll of Pennsylvania's possibly "crucial" 70-vote delegation shows Eisenhower has picked up a net gain of six votes over his chief rival, Sen. Robert A. Taft of Ohio.

The five-star general still trails Taft in the red-hot national battle for delegates, however—and in Washington there was renewed speculation that the GOP convention might become hopelessly deadlocked.

In that event, both Taft and Eisenhower might be shunted aside to make way for a "dark horse" compromise candidate.

Latest Tally

The latest Associated Press tally—based on a new survey of the Pennsylvania delegation—shows Taft with a nationwide total of 483 elegates to 405 for Eisenhoyer.

This is based on delegates pledged, instructed or willing to express a first ballot choice, and on candidate concessions.

Meanwhile, Gov. Fine disclosed he polled 20 Pennsylavnia delegates after Tuesday's meeting with Taft and found a majority of them favor Eisenhower.

However, he said he did not regard this as a "swing" to Eisenhower.

Fine Still Silent

Fine himself still maintained a sphinx-like silence on his choice between Taft and Eisenhower. In a pinch, his decision could spell victory or defeat for either man at the Chicago convention 12 days hence.

Taft told a news conference in Washington that his differences with Eisenhower on foreign policy boil down to a question of "emphasis and not of basic principle." As an example, he commented:

"I don't put the European aid program as high on the list of priorities as he does."

The Ohio senator, explaining an earlier statement that he doesn't favor U. S. air bases on the continent of Europe, said he was talking about conditions when the time came to withdraw American troops from Europe.

Taft said he favors keeping adequate air power in Europe to support the Western defense effort until the Europeans can take over the entire responsibility themselves.

Joan Davis' Daughter Elopes With A Fireman

HOLLYWOOD (INS) — Film and radio comedienne Joan Davis said Wednesday that she was peeved at her 18-year-old daughter, Beverly Wills, for eloping to Carson City, Nev., last Sunday and marrying a Pasadena, Calif., fireman.

Said the gravel-voiced comic: "I guess I'm at what you'd call the cooling-off stage. I just couldn't believe it. I made her repeat it five times. I thought it was some sort of a gag."

Beverly returned Wednesday from Carson City with her bridegroom, Lee Bamber of the Pasadena Fire Department, and promptly telephoned her mother.

Stevenson Quits Hospital

CHICAGO (INS)—Gov. Adlai Stevenson of Illinois was released Wednesday from Passavant Hospital here where he underwent an operation for removal of a kidney stone.

The governor insisted he "never felt better." He returned to Springfield by plane.

Newsmen again asked the governor whether he would be available for a Democratic presidential draft. Stevenson replied:

"That remains to be seen."

BUNNY LOVE—Queenie, a Belgian shephard, gives her good friend Bucky a bath, as the new-born bunny takes a meal from a milk-filled baby's bottle. The two are pets of 9-year-old Jimmy MacAllister III, Harrisburg, Pa., who found the bunny near his home. Jimmy said the dog and rabbit are "crazy" about each other. (AP Wirephoto Wednesday Night.)

Paramour Admits Woman's Murder

ST. LOUIS (AP) —Police late Wednesday said the young Mexican lover of Mrs. Irene Thompson admitted strangling the attractive 32-year-old suburban St. Louis mother whose semi-nude body was found in a downtown hotel room here Sunday.

Police Capt. John Buck, head of a St. Louis Police District, announced the oral admission of 23 year old Jose Romero, who surrendered earlier Wednesday on a warrant charging him with the slaying.

Prior to the police announcement, Romero denied killing the former dancing teacher, but admitted he had been with her four days last week.

Mrs. Thompson's body, clad only in panties, was found in a Jefferson Hotel room Sunday. Her throat had been slashed with a broken bottle and an electric cord had been twisted around her neck.

Wraps Cord Around Neck

Police quoted Romero as saying he visited Mrs. Thompson at the hotel Friday night. She was only partially clad, he said, and lay on the bed screaming insults at him.

"She was like a maniac," Romero said.

In the oral admission, Romero said, Mrs. Thompson jumped up from the bed and lunged at him with a desk pen. Then she grabbed an electric iron cord and began flaying him with it, Romero added.

Police then quoted Romero as saying he grabbed the cord, wrapped it around her neck and pulled it tight.

Mrs. Thompson, the mother of a 2-year-old daughter, had registered at the hotel last week. Her mother, Mrs. Annie Harris, told police Mrs. Thompson went there for a "rest" while her husband was out of town on a business trip to the east.

No Tranquil Path

OXFORD, Eng. (AP) — Yale graduate Dean Acheson said here Wednesday night that "Yale secretaries of state do not seem to have been destined for the tranquil life."

Addressing an Oxford Christ Church College dinner, Acheson recalled that "Mr. (Henry L.) Stimson was always more happy in the War Department. Mr. John C. Calhoun was the apostle of secession. A less known colleague, Secretary Upshaw, was killed on a U.S. frigate upon the bursting of the greatest cannon of his day, unhappily named 'The Peacemaker'."

Acheson earlier received an honorary degree from Oxford University.

Relocation Of No. 83 Given 'Green Light'

An official "go ahead" on relocating Highway 83 through the University of Nebraska Agricultural Substation near North Platte was sounded here when University Board of Regents and the State Highway Department reached agreement.

The University has given an easement on 30 acres of land required for the new route, according to John K. Selleck, University business manager.

Bids for construction of the new highway will be taken by the Highway Department July 10. The 12½ miles of oiled road will run south and east through the experiment station land and will divide fields in the eastern one-third of the land.

Certificate Signed

Selleck said the board arranged to give the Highway Department an easement instead of a deed so that the land would automatically revert to the University in case the road were to be abandoned at a later date.

Transfer of title of the land was accomplished by signing a certificate of necessity as provided by LB 555 enacted by the 1951 Legislature. The bill would permit state institution-owned land to be used for a highway if an agreement is reached between the institution and the Highway Department.

Previously, such use of state land required a special legislative act.

Selleck said the University did not ask for remuneration for use of their land by the Highway Department.

Oldfield Is Now Full AF Colonel

FONTAINBLEAU, France (AP) —Barney Oldfield, former Nebraska newspaperman, has been promoted from lieutenant colonel to full colonel in the Air Force.

He is now serving as chief of public information at headquarters of the Allied Air Forces in Central Europe on the staff of Gen. Lauris Norstad.

The former Lincoln, Neb., newspaperman has been in Europe since Jan. 1, 1951, when he crossed the Atlantic as an advance man for Gen. Eisenhower when the general made his swing around the North Atlantic Treaty countries on assumption of command.

Mrs. Oldfield, the daughter of Mr. and Mrs. T. F. Kinman, Grand Island, Neb., is in France with the colonel.

Oldfield's parents, Mr. and Mrs. A. W. Oldfield, live at 2811 F St., Lincoln.

SMILING Sara Ann Starry, 19-year-old University of Kansas student, has been named "College Queen of America" following a contest held by a radio network in New York. The Kansas City girl topped more than 200 co-ed beauties from all over the country.

Red Riots In Japan Quelled

TOKYO (Thursday) (AP)—Japanese police smashed Communist riots in Tokyo and at Osaka in a violent climax Wednesday to Red demonstrations against the Korean War.

Police used tear gas and clubs against Reds who hurled acid and fire bombs.

More than 60 police and 50 demonstrators were hurt.

Also injured were U. S. Brig. Gen. Carter W. Clarke—burned slightly by acid at Osaka—two American military policemen and three Japanese newspapermen.

Nearly 150 Reds were jailed.

The riots grew out of pro-Communist meetings by 400,000 Koreans throughout Japan on the second anniversary of the Korean War.

Anti-American banners were broken out at Osaka — Japan's second largest city. The violence in Tokyo seemed aimed at the government and against the war generally.

International Beauty Contestants Intrigued By Movie Stars Of U.S.

LONG BEACH, Calif. (INS) —Four busloads of beauty roared into Universal-International Studios Wednesday and curious big-time stars greeted the equally curious cuties who are competing for the "Miss Universe" title.

Puffing chaperones had a hard time to keep up with their lovely charges, who swarmed over the back lot and tripped over camera cables.

An excited babble of conversation ensued when some of the foreign girls discovered stars who spoke their languages.

Handsome Tyrone Power, who speaks both French and Spanish, was besieged by the Latin-American girls.

Miss Peru, tiny 18-year-old Ada Gabriela Bueno, had the handsome actor's attention, but Miss Venezuela, Sofia Silva Inserri, was chattering merrily, too.

Claude Goddard, France's gift to the international beauty pageant, found World War II hero Audie Murphy still interested in French girls.

Other beauty queens had Tony Curtis, Jeff Chandler, Julia Adams, Piper Laurie and Dan Dailey for dinner companions after the studio tour.

After visiting the sets of "Roughshod" and "Mississippi Gambler" the contestants were treated to Universal's celebrity dinner—prime ribs of beef.

Hanson Cleared

WASHINGTON (AP) — Haldore Hanson, a State Department official accused of "pro-Communist proclivities" by Sen. McCarthy (R-Wis), has been cleared by the Civil Service Loyalty Review Board.

The board's action came to light in testimony made public Wednesday by the Senate Appropriations Committee.

Browner Heads Grocers

MIAMI, Fla. (AP) — Elimination of price controls would not cause an overall increase in consumer food costs, V. L. Browner of Des Moines, Ia., newly-elected president of the National Association of Retail Grocers, asserted Wednesday.

Dropping of price controls, he said, would lead to lower prices on some competitive food items.

Thousands Flee East Germany

FRANKFURT, Germany (AP)—West German authorities announced Wednesday night that 13,424 East Germans have fled to the West in the last month despite the Communists' shoot-to-kill security measures on the frontier.

Russian Tommy-gunners have joined Communist "people's police" along the frontier in an effort to seal off East Germany from the West.

'Voice Of Sewers' Will Stay Silent At Conventions

CHICAGO (AP) —The "Voice of the Sewers" will be silent at the political conventions next month.

The authority for that statement is the "Voice" himself—who is known less widely out of town as Thomas D. Garry, Chicago's superintendent of sewers.

Garry, a handy fellow, helped keep equipment functioning during the Democratic 1940 convention in the Chicago Stadium. He found a way, somehow, to speak into the public address hookup from a point somewhere underneath the rostrum. That he did, calling "We want Roosevelt," "Illinois wants Roosevelt," etc.

Officials of the International Amphitheatre, where the Republicans and Democrats will meet, said it can't happen there. Garry won't try an encore. He said Wednesday:

"I'm through with that sort of business. I plan to attend both conventions to look and listen only."

UAW Leaders Postpone Vital Aircraft Strike

LOS ANGELES (AP) — United Auto Workers (CIO) leaders Wednesday called off strike plans for this week and agreed to federal conciliation in Washington on contracts covering 25,000 jet-producing workers at North American Aircraft Corp.'s four plants.

Negotiations here ended after 28 hours of almost continuous bargaining. Despite a new company offer, both sides appeared no closer to a settlement.

The UAW's aircraft department director, John W. Livingston, said the union's action was motivated solely by the vital importance of the F-86 Sabrejet production to the current defense effort in the Far East.

The union rejected a company offer advanced Wednesday morning, and at the same time disclosed it had scaled down its original demands for a 28 cents-an-hour raise across the board.

Actress Seeks Divorce From Singer Merrill

JUAREZ, Mex. (INS)—Court officials in Juarez revealed Wednesday that attorneys for Actress Roberta Peters have filed a petition in her behalf, asking for a divorce from Robert Merrill, 33, Metropolitan Opera singer.

The complaint charges incompatibility. It set forth that the request was by mutual consent.

The court clerk said the action will come up for consideration in "a day or two."

Bid Of Lincoln Firms Is Lowest On First Base Work

$162,097 Sum Given By Three

OMAHA, Neb. **(Lincoln Star Special)**—A combined bid of three Lincoln firms was the apparent low bid on the first bids opened on work at the reactivated Lincoln Air Base. The bids were opened here Wednesday.

The firms—Abel Construction Co., Dobson and Robinson, and Dobson Brothers Construction Co. —submitted a bid of $162,097 on rehabilitation of runways and taxiways. The work will include resealing and fixing joints and cracks; conditioning of the pavement area and runway marking and striping. The runways will be rehabilitated in this order: east-west and northeast-southwest.

Two Others

Army Engineer spokesman said the contract will be awarded after the bids are studied.

Two other bids were submitted. They were Peter Kiewit & Sons of Omaha, $166,358, and Francis R. Orshek of Fremont, $189,369.

The official government estimate on the work was $212,208.

The next bids to be opened will be on June 28. The work is on rehabilitation of roads, railroads and embankment and on rehabilitation of the electrical system.

Maude Freeman Estate Is Listed At $38,550

The estate of Maude S. Freeman has been appraised at $38,550.97, including $16,500 real estate.

Notification of the appraisal was sent to Margaret Freeman Wilkinson, Morton Smith Freeman, William H. Freeman, Frederick H. Wagener, and Allen W. Field.

How to curry favor with your husband

It's easy with Ann Batchelder's mouth-watering Hawaiian shrimp curry. It's a sure cure for a husband's jaded July appetite. And in this month's issue, the Ladies' Home Journal's food editor tells you how to make it the feast of a lifetime surrounded by sautéed bananas, tomato-and-avocado salad and followed by a delicate pineapple sherbet. It's cooling, it's easy, it's delicious! Get the new July Journal and try it today.

CIO GROUP STUDIES CONSERVATION—Members of the CIO's Committee on Regional Development and Conservation are shown at a map outlining flood and conservation problems in this area. From left to right: R. C. Jacobson, Minneapolis; C. O. Palmer, Salt Lake; I. A. Fisher, Washington, D.C.; Chuck Duster, Portland, O.; Ted Butler, Denver; M. W. Gray, Washington, D.C.; C. D. Sanders, of the Soil Conservation Service; I. L. DeShetler, Los Angeles; A. R. Kinstley, Kansas City, Mo.; and Anthony W. Smith, Washington, D.C., executive secretary of the Committee. (Star Photo.)

CIO Opposes Pick-Sloan; Wants Watershed, Power Dam Plan

The CIO is firmly opposed to the Pick-Sloan Plan for the Missouri basin, and favors instead a combination of a watershed program and the building of power dams at well-chosen locations, with water-storage space supplemental.

That was made clear at a hearing at the Cornhusker Hotel, where the committee heard representatives of the Army Engineers and the Bureau of Reclamation outline the Pick-Sloan Plan and representatives of the Soil Conservation Service explain their Salt-Wahoo Watershed plan.

The union, Executive Secretary Anthony W. Smith said, is interested in the problem because it is "our people in Kansas City and down the river that get washed homes and close up the plants out" when floods destroy their where they work.

It is also important to the CIO because the production of electric power means more industrialization, and improvement of farm standards.

He described the Pick-Sloan as a "shotgun wedding" of independent plans by the Corps of Engineers and the Reclamation Bureau. The Engineers, he said, are instructed to develop the river for navigation, while the Bureau is working mainly for irrigation from the River.

Smith sharply criticized flooding rich farm land for use as the reservoir of a dam. He termed the Garrison Dam in the north an "inexcusable bruality" to Indians living there and farmers who owned land there.

The same danger now exists to the Blue Valley where Tuttle Creek Dam has been proposed, he added.

Jack Gardner represented the Engineers, John Spencer the Bureau Reclamation and C. D. Sanders of the Soil Conservation service.

Howard County Hospital Action Out-Dated—Beck

The statute of limitations has run out against the obtaining of a writ of mandamus to compel Howard County Commissioners to issue bonds for a county hospital in the opinion of C. S. Beck, attorney general.

The opinion was issued by R. J. Haggart, county attorney at St. Paul.

Beck pointed out that at an election five and a half years ago the issue was carried providing positive instructions to the county board which they did not heed and the electorate acquiesced.

He gave the opinion that a four year limit is provided for mandamus actions.

Pipe Line Okayed

Construction of a gathering pipe line by the Ohio Oil Co. in Cheyenne county has been approved, the state railway commission announced. It will be used for transportation of crude oil, petroleum and products thereof.

"AT THE CROSSROADS OF LINCOLN"

Song Of The Combine

Initial reports from the wheat fields of Nebraska are on the side of optimism. The harvest now getting under way in the extreme southern counties has brought individual reports of surprisingly good yields, notwithstanding the extreme heat of June. One from Webster county spoke of 60 bushels to the acre, which is of course the exception, most exceptional. Other yields range up to 30 bushels to the acre of excellent quality wheat.

We are not going to be able to keep pace with our neighbor to the south. Two weeks ago the editor traveled from eastern Kansas to well beyond the central part of the state, and for mile after mile he saw the magnificent wheat prospect that has come to public attention. They are now talking about the possibility of a Kansas crop of 300,000,000 bushels, which in the event that it is confirmed by the harvest, would set a new all-time mark, something to shoot at for the years ahead. And at prevailing prices the Kansas crop would be worth more than half a billion dollars.

Nebraskans will be content with a much more modest harvest.

They will fall short of the estimate issued at the opening of June, what with heat, winds, hail, and in some places, a shortage of moisture. But on the basis of the first reports the 1952 harvest will be well above that of a year ago and up close to the top.

That is good news.

No Nebraska Mandate?

Throughout much of March of this year we heard a great deal about how desirable it is that people be given an opportunity to express their preferences upon party nominees for the presidency. That was in advance of the April 1 primary, a date which now seems highly appropriate in view of what has been going on in recent days.

Sen. Bob Taft was the winner of the Nebraska primary, not by any lop-sided vote but nevertheless decisively enough to leave no doubt as to the wishes of the people of Nebraska. In a "write-in" campaign involving both Sen. Taft and Gen. Eisenhower, Mr. Republican showed a neat pair of heels to a distinguished five-star general.

Now amazingly the very same voices which clamored so lustily for preferential primaries, including second choices, are busily engaged in figuring out how they can convince the delegates to the Republican National Convention (and the same situation exists with the Democratic convention) that the delegates should close their eyes to the results of the April primary. Undoubtedly it would have been a different song had Gen. Eisenhower been victorious.

It seems that certain of the delegates expressly committed themselves, or if they did not commit themselves after giving brief lip-service on the first ballot, are now free to exercise their own discretion. And in the event that does not cover the situation then some of the advocates of the preferential primary plan have come to the conclusion that Nebraska did not vote as a state but in choosing district delegates, voted by districts.

What is it that they say about figures?

If a primary is to mean anything then those honored by their state by being chosen delegates will abide by the expressed will of the people of their state. It calls for quite a stretch of the imagination to urge (a) that the people speak; (b) now that the people have spoken do as you please but by all means support "my favorite" for the presidency.

Reprieve Until 1953

Senator Smathers, Florida Democrat, who for some strange reason has interested himself in the battle over Tidelands Oil, apparently has given up the ghost. He is quoted in the news columns as having indicated that he will not press his attempt to override President Truman's veto of the Tidelands Oil bill. Obviously he is not certain there are the votes to do so. There is no bigness of heart in this decision.

★

Of equal if not greater interest is Sen. Smathers' announcement that he will permit the fight to go over until 1953? And why 1953? Mr. Truman, who twice now has vetoed congressional efforts to nullify a Supreme Court decision quieting title to Tidelands Oil in Uncle Sam, will have completed his term and the White House will have a new occupant. Sen. Smathers evidently figures that it will be a Republican, and that in the event that it is either Bob Taft or Dwight Eisenhower the "States' Rights" boys will have a friend in the executive branch of the government. Taft's position on this matter has at all times been clear. He has voted to return Tidelands to the states, with California, Texas and Louisiana benefitting chiefly. Gen. Eisenhower likewise has undertaken to assume the same position, a decision of considerable concern to a number of his friends, such friends as the New York Times, the Washington Post, and Sen. Tobey of New Hampshire.

★

The General has been somewhat ludicrous in defining his stand. First he permitted his Texas friend, Jack Porter, Houston oilman, to make public a letter outlining Eisenhower's stand on Tidelands. Next, when reminded by a newspaper man that the Supreme Court of the United States had decided the issue, the General wavered temporarily and spoke of his desire to follow the courts. Then after some head-scratching he got back in line. But that was not all. The Eisenhower statement, it has been revealed, was held in such high regard that it was to be used as a possible aid in overriding Mr. Truman's veto.

★

It is difficult to reconcile Gen. Eisenhower's position on Tidelands with his deep, earnest, honest interest in national security. We say this because the fabled deposits of oil offshore constitute the last great reserve the American people possess. We haven't any surplus of oil in this age when oil may be the measure of a nation's military might. We have been drawing upon our supplies with most lavish hand. Earlier in the week a special study group that has been digging into the facts for months came up with the report that unless rigid conservation measures are undertaken, oil and natural gas will be numbered among America's acute shortages, possibly by 1975.

★

The oil companies have been working at this for years. They do not like the prospect of federal control. They much prefer to embark upon development of these oil reserves under state regulations, always notoriously difficult to enforce. They have been able to win in the Congress, but thanks to Mr. Truman they have not been able to get over their bill by overriding stern executive vetoes. Tidelands Oil then is only one of many rich stakes to be decided by the outcome of the presidential election of 1952. Many self-seeking groups have their knives sharpened and are licking their lips in anticipation of better days for them ahead.

★

But if the attempt to override the veto is abandoned, and that cannot be concluded until Congress recesses or adjourns, then temporarily the people will have won again. This is their fight, one of their more important fights. A Lincoln Republican, writing to the editor of this paper, spoke of Tidelands as a 40 billion dollar day-light robbery. That may be unduly harsh language but the least that can be said is that public interest demands these oil reserves remain in Uncle Sam's hands.

The Ladies Of Granville

A new kind of labor strife, in which leaders of the union involved were forced to throw up their hands and back off, took place in Granville, W. Va., where the ladies decided to go on a summer housecleaning spree. Before they finished, a coal cleaning plant and two large coal mines were shut down and 700 men were temporarily out of work.

The biggest industry in the Granville area chugged to a standstill when the women, infuriated by dust from the coal plant, marched down to the company entrance and established picket lines. The men came to work, took one look at the women with fire in their eyes, and —most of them being husbands—turned around meekly to return home.

The coal plant closed, the company had to shut down the coal mines. This put 700 men out of work. The field representative of the United Mine Workers, unaccustomed to public speaking under such circumstances, retired quickly, protesting that the union was in no position to control the situation.

"I've had to take down my washing as many as three times in one day because of this dust," said one picket.

"You can't sit on the front porch," said another.

"Don't dare leave your windows up," said yet another.

Finally, with the picket line threatening to continue on into the night shift, the mayor of Granville stepped in and promised that something would be done about the dust—and done fast. The ladies listened, reluctantly retired. But if something wasn't done soon, they said, there was no telling what they would do next.

The men agreed. No telling what the ladies of Granville would do next. Never underestimate the power of a woman (when she takes to the picket lines to protect her laundry).

Those Jerkwater Towns

Some incidental information has been dug up by researchers who sought to find the origin of the term, "jerkwater town." It seems that the New York Central in 1870 installed the first locomotives to pick up water without stopping. Railroad men came to refer to this task as "jerking water," and the towns where water was "jerked" on the train came to be known as "jerkwater towns." Understandably, the term came to be one of disdain, used to describe towns which were not large enough at which to stop a train.

"Jerkwater towns" is much more common an expression in the East, where small towns are generally looked down upon. But out here in the Midwest, some of these places are mighty attractive places to live, even if the big trains don't stop there.

A Safe Observation

Almost unnoticed in the news columns was the report that controls have been taken off prices charged by armored car companies to transport and guard money. Straight-faced, and with masterful understatement, the Office of Price Stabilization announced that lifting these controls will have "little or no significance in the cost-of-living."

Franco Balks Now That Money Has Been Voted

WASHINGTON—The State Department has struck a snag wih Franco of Spain regarding the much-discussed naval and air bases he was supposed to give U.S. forces in return for the $187 million which Congress voted him.

When Ambassador Stanton Griffis discussed bases with Franco, about a year ago, he was effusive in his anxiety to do anything the United States wanted. In fact, it was Franco who took the initiative in wanting American cash and there seemed to be nothing he wouldn't do in return.

Now, however, he is just the opposite. He wants American dollars to be spent in Spain only on his own terms.

Specifically, the difference with Franco boils down to the fact that the U.S. Navy and Air Force want bases in Spain, while Franco wants modern military equipment for the Spanish army.

However, the tanks and heavy armor which he demands happen to be the things which the U.S. Army is short of. Priority on this equipment goes first to Korea, second to U.S. forces in this country, third to NATO allies in West Europe. Defense officials argue that to give Franco modern army equipment before we sent it to France, Italy, Belgium, and other non-Fascist allies would cause a furore in Western Europe. We are already far behind in our promises to them.

Furthermore, defense officials point out that they aren't much interested in the Spanish army anyway. Located on the southern tip of Europe, it would be of no help in stopping the onrush of the Red Army over France and Belgium to the English Channel. What they are interested in instead is air and naval bases in Spain. And regarding these, Franco now seems much less enthusiastic.

Franco hasn't said so in so many words, but he seems to want the latest $100 million voted by Congress more or less with no strings attached.

☆ ☆ ☆

Meanwhile, the State Department has been engaged in a lengthy, painstaking negotiation with Spain for the following:

1—Air and naval bases.

2—A technical aid agreement by which the United States would supply technicians for the improvement of Spanish agriculture, public health, etc.

3.—Anti-discrimination against American investors. At present Franco has strict laws against foreign capital, and so far has not been willing to change them.

Negotiations for the above have now dragged on for three to four months. But whereas the Spanish dictator was practically kissing Ambassador Griffis before the $100 million was voted, now all he wants to kiss is the $100 million.

However, Congress voted that this was to be spent at the discretion of the President, and both the State Department and the Defense Department have advised going slow.

Franco lobbyists and friends in Congress are now pressuring to get the $100 million spent right away, without the commitments demanded by the State Department.

—EISENHOWER ERRORS—

Political observers watching the struggle of Gen. Eisenhower to become a professional politician overnight wish that the men around him had more political savvy.

Two tactical boners which seriously hurt Ike's bargaining power could easily have been prevented.

Boner No. 1 was Ike's statement endorsing MacArthur at his Abilene press conference. This automatically destroyed Eisenhower's bargaining power when Taft forces proposed MacArthur as keynote speaker.

Eisenhower representatives were thunderstruck at the idea of having Ike's bitter Army critic as keynote speaker. But since their chief had referred to MacArthur so glowingly at Abilene, the ground was cut out from under them in voicing much opposition to MacArthur at Chicago.

Boner No. 2 was Eisenhower's statement in Dallas that he would lead no third party. While it was undoubtedly true that Ike intends to lead no third party, nevertheless his chief bargaining power in forcing Taft leaders to seat his delegates is the threat of a third party.

Had William Howard Taft, father of the senator, known that Teddy Roosevelt would form the Bull Moose party as an aftermath of the delegate ruckus at the Chicago convention of 1912, Teddy would have had more delegates seated in that convention.

Today, Bob Taft knows from his father's experience that he cannot afford a third party movement. The threat of such a movement brings heart failure to his cohorts. Some of Eisenhower's leaders, knowing this, had been dropping hints of a third party walkout. Whereupon their chief chucked this bargaining power out the window.

Franklin Roosevelt, Calvin Coolidge and Harry Truman, all master political strategists, never would have been caught making an error like this.

☆ ☆ ☆

—AMERICAN SHOT—

The death by shooting of a beautiful American heiress, married to a high Ecuadorean army officer, has created a mystery in Quito. It has also caused indignation that American Ambassador Paul Daniels has helped suppress news of the tragedy.

Maisie Mittman, nee Buley, of the Buley Flour Mills family and wife of Col. Alberto Mittman, an Ecuadorean of Austrian descent, was killed by a pistol shot that entered her head just behind the left ear.

Those who inquired were informed that the lady committed suicide. This was the version officially approved by Ambassador Daniels, who instructed all embassy personnel not to discuss the tragedy. However, the Quito medical examiner's report shows that the bullet which killed Maisie Mittman was fired from at least six feet away.

Members of the Buley family have been seeking desperately, by cablegram and air mail, to learn the truth. With the U.S. embassy's apparent approval, Ecuador's defense ministry has seen to it that there was no police investigation of the death.

Mrs. Mittman leaves a fortune estimated at about $1,200,000.

☆ ☆ ☆

—WASHINGTON PIPELINE—

Bill Pawley, close friend of the late Bob Hannegan, and rewarded with an ambassadorship by President Truman, is working secretly for Eisenhower, while still serving as ambassador . . . Gov. Fine of Pennsylvania is raising the bidding every time he confers with Taft or Ike. Soon he'll be offered the vice presidency in return for those elusive unpledged Pennsylvania delegates. . . Though he hasn't been wooed as wantonly as Fine, California's Gov. Earl Warren remains the real key to the GOP convention. If either Taft or Ike can get him to come over, they may be the next President of the United States . . . Warren won't woo easily. If the convention deadlocks, he could be President of the United States.

WE ARE THE PEOPLE

Lincoln's Top Baseball Fans Root For The A's

By JIM CLARK
(Star Staff Writer)

As the first robin is often termed a sign of spring, the crack of baseballs on bats might be termed one of summers significant sounds.

And to Mr. and Mrs. Dick Pekar, 1735 So. 12th, baseball is the beginning of a season of pleasure and entertainment.

One could hardly go wrong in tabbing this pair as two of Lincoln's most ardent baseball fans, considering their admiration and interest in the Athletics.

Baseball has been Pekar's favorite sport ever since he played sandlot ball as a youngster in his home town of Ohiowa, Neb. But Mrs. Pekar has crowded all of her baseball into the last four years.

"Now," says Pekar, "she is a better fan than I. In fact, she would go to Sherman Field every night if it were possible."

☆ ☆ ☆

Mrs. Pekar's interest was aroused after her husband coaxed her into seeing Bobby Shantz pitch the last game of the 1948 season for the Lincoln Athletics. She took such a liking to the sport that she went to every game of the A's playoff series that year and has been going ever since.

When the A's are in town, they can be sure there will be two seats occupied in the eighth row above the first base line for at least one game out of every series. But following the A's doesn't stop with home games for the Pekars. They make it a point to see at least two games a season while the Athletics are on the road.

When the A's aren't playing, Mrs. Pekar spends her afternoons listening to radio accounts of the major league games. "She can tell you the lineups and averages of almost every man in the majors," her husband declared.

MR. AND MRS. DICK PEKAR
. . . Bobby Shantz pitched, made a new fan . . .
(Star Photo)

☆ ☆ ☆

With former Lincolnites Nellie Fox and Shantz playing in the majors now, the Philadelphia Athletics and Chicago White Sox are naturally the Pekars' favorite major league clubs. They arrange their vacation so that they can be in Chicago when these two teams meet.

Commenting on newspaper accounts of baseball games, Pekar said that he feels unfavorable publicity does considerable harm.

"If the Lincoln A's should make errors or fail to hit, people shouldn't forget that these same mistakes take place in the majors," he said.

While going back over the years and rehashing baseball past and present, Pekar said he believed his greatest thrill came when he "skipped" school to hear Grover Cleveland Alexander pitch the final and deciding game of the 1926 World Series.

The People Speak

Good Job By Seaton

McCook, Neb.

To the editor of The Lincoln Star: I most certainly agree with the editor in regard to his editorial, "Why A Swell Idea Turned Sour." Attending this meeting with Harry Strunk and hearing the Highway Users Conference (Nebraska) position as stated by H. H. Hahn, I could not understand why the group had been invited to this meeting.

Fred Seaton, in my opinion, has been doing a fine job in Washington as note his vote on the St. Lawrence Seaway and Tidelands oil bills. One can be a Republican and stand for what is best for the state of Nebraska and the nation, even if he does have to go along with President Truman on some right matters.

HAROLD P. SUTTON

☆ ☆ ☆

Tidelands For Roads

Curtis, Neb.

To the editor of The Lincoln Star: Now we hear that some of our leaders have again thought up some old ideas about getting more money for highways. The only trouble they seem to face is that their ideas do not have a popular appeal—and they cost money.

Here's a new idea. It should be popular; it doesn't cost anything. Ready! Ask Mr. Truman to have the bonus money from Tidelands oil pro-rated to the states to build the highways. This would save a good principle for no Washington representative would dare to vote to give this to the coastal states. It would solve the road puzzle.

C. R. HERRICK

☆ ☆ ☆

He Likes Ike

Lincoln, Neb.

To the editor of The Lincoln Star: I like Ike for a number of reasons but chiefly because he is honest, fearless, humble and because he has lots of common sense. If not nominated, he would not head a third party nor support the Democrats. He would try to unify the Republican party and not split it apart as has been done in the past.

Ike does not claim to know everything about every problem but is willing to learn and will, if elected, appoint as members of his cabinet the wisest and best men in the nation regardless of whether they are his cronies or not. That I call good common sense. The fact that Ike is a military man cuts no figure with me. Two of Sweden's best kings — Gustav Adolf II and Charles XIV (Bernadotte)—were military men. And our first and, some think, best President, George Washington, was a military man.

Ike would make a good President and I would like to see him nominated and elected. After 20 years, I think a change in administration would be a good thing.

C. J. JOHNSON

Thank You

Lincoln, Neb.

To the editor of The Lincoln Star: I just had a call from Mr. Bernie Clark, chairman of the Lincoln Recreation Board. He was very pleased over the page in the Sunday paper. I think the photographers deserve orchids. Contrary to popular belief, recreational activities are hard to photograph well. So often the subjects have a posed attitude.

JAMES C. LEWIS
Superintendent of Recreation

Western, Neb.

To the editor of The Lincoln Star: The Nebraska Rural Letter Carriers' Association and its auxiliary wish to thank The Lincoln Star for the very fine coverage it gave our convention at the Hotel Lincoln June 15-16-17. Star reporters were very courteous during their interviews with our people and the speakers who were on our program.

J. L. BARTA
President, Nebraska RLCA

OFF THE RECORD

By ED REED

"You fellas mind doing something really spectacular?"

MARQUIS CHILDS

Acheson A Lonely Figure As All Signs Point To Soviet Attack Against West

WASHINGTON—At a closed session of the Senate Armed Services Committee, Secretary of Defense Robert Lovett the other day delivered a solemn warning. He said that the Defense Department considers the coming weeks as a period of great peril.

This was particularly impressive from Lovett, as he speaks normally with great moderation and precision. He outlined for the committee the multiplying signs that Communism may be about to launch a new attack somewhere in the world.

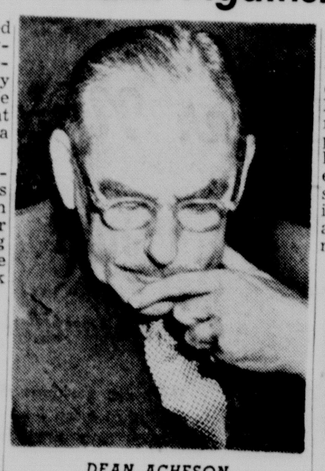

The campaign against the United States in the Russian press has reached an almost-hysterical crescendo. It includes charges of unprintable atrocities perpetrated not only against North Korean and Chinese prisoners but against Puerto Ricans and others alleged to be enslaved by this country. Both in volume and intensity the barrage equals or exceeds even the attacks directed against Nazi Germany before and after the Hitler-Stalin pact.

Among top policy-makers the belief has been growing that this concentrated effort is in preparation for some sudden move. That move will be of such a drastic nature as to risk full-scale war. Therefore, the Russian people are being prepared by an unprecedented hate campaign to accept the worst.

☆ ☆ ☆

Where the new aggression will come, if it comes, is a matter for speculation. The best guess is the East German-West German border, with Berlin as a high-priority target. Such a move might come by way of an attempted seizure led by East German forces, sparked and aided, of course, by the Soviet military.

This threat and the resulting tension is one reason for the visit that Secretary of State

DEAN ACHESON
. . . savage attacks, isolation . . .

Dean Acheson is making to both Berlin and Vienna. It is to be a demonstration of America's vital interest in these two beleaguered outposts of freedom.

The secretary of state will fly to Berlin down the air corridor where so many "incidents" have been staged by Soviet military planes either buzzing or firing on planes of the Western powers. As a further demonstration of resolve, the secretary will fly—in the President's plane, the Independence—with an escort of jet fighters provided by the NATO Air Force.

A remarkably bold step to take at this moment, its significance has been almost wholly ignored here at home. The fact is that the American public simply is not following the Truman-Acheson moves on the foreign policy chessboard. In a phrase out of show business, they are not with it.

☆ ☆ ☆

In part, at least, the reason for this is obvious enough. The headlines and the interest are centered on the politics of an exceptionally bitter campaign year. President Truman is not up for re-election and, therefore, his policy-makers and perhaps also his policies will be retired at the end of this year. The fact that some continuity of policy is vital in a world perilously divided has apparently not impressed itself on most Americans.

But there are other contributing reasons for the vacuum of opinion in which policy is being conducted. One is Acheson's personal isolation. He has increasingly isolated himself ever since the savage attacks on him and the Department of State launched by Sen. Joseph McCarthy.

☆ ☆ ☆

He would have been something less than human if he had not felt at least a touch of martyrdom at having to try to steer a dangerous course in stormy waters while part of the crew whacked him over the head. Increasingly, he has become sensitive to criticism even when that criticism has been of a friendly and constructive nature. Acheson was especially annoyed by reports that he would resign or that he should resign. These came, he felt, from sources that should have supported him in his ordeal with McCarthy. Thus his resentment of the press was increased and with it his sense of lonely isolation.

He is pursuing now a difficult series of conferences in London, Paris and Bonn. The success of the Truman policy of co-operation with Western Germany turns on what happens now and in the next few days and weeks. This lonely and somewhat self-righteous figure is walking on a knife edge across a great dark abyss.

Mrs. Michaud Guilty In Big Reno Robbery

Complicity Verdict Is Returned

...In Redfield Job

CARSON CITY, Nev. (AP) — A petite French divorcee was convicted Wednesday of complicity in the $1,500,000 residential burglary of an eccentric millionaire—a married man who, she said, consented to the robbery in a "bedroom bargain."

Mrs. Michaud

A Federal Court jury of eight men and four women swiftly decided Jeanne D'Arc Michaud, 36, was "guilty as charged" of transporting $147,000 of the stolen property across state lines. She displayed no emotion.

The penalty could be as much as five to 10 years in federal prison.

Federal Judge Roger Foley referred the case to the probation officer for a report June 30. Sentencing was delayed until then.

Brief Deliberation

The jury deliberated only one and one-half hours.

The question before the men and women of the jury was whether the peppery, tiny French divorcee had the "bedroom consent" of eccentric millionaire La Vere Redfield to steal his $1,500,000 safe.

That defense was offered by Mrs. Michaud from the witness stand. She spoke of herself as Redfield's sweetheart.

Redfield denied her accusation and her contention. But he was so indirect and indecisive in his answers that he stirred the wrath of Judge Foley.

The government had to serve a bench warrant on Redfield in order to get him into court to testify.

A final sensation in the bizarre case came Wednesday when the government revealed that Redfield had a secret room in the basement of his huge Reno home, loaded with 270,000 silver dollars and a vast quantity of postage stamps.

A document taken from Redfield's safe revealed the whereabouts of the cache, hidden in a secret room behind a 39-inch wall of concrete and stone.

Another document read into evidence directed the beneficiary of Redfield's will: "The government can't tax wealth that can't be located. Burn this and tell no one. Carry on as though no coin or currency was left."

PLAYMATES—Six-year-old Jane Norseen of Pittsburgh may be sporting the future fashion on her head, but designers won't be able to do much about it. Perched amid Jane's cherry-covered bonnet is "Spreckles," her 2-month-old pet robin. Little Jane raised the robin after it fell from a nest. The bird, which flies around at will, always comes to eat. (AP Wirephoto.)

Gambling Tax Upheld

SAN FRANCISCO (INS)—Federal Judge Louis E. Goodman ruled that the federal law requiring gamblers to purchase a $50 tax stamp is constitutional.

His ruling was in conflict with that of U. S. District Judge George A. Welsh, who in Philadelphia last May 6 held the tax stamp requirement was unconstitutional because it was in effect a police measure enacted by Congress.

Army Engineers Speed Flood Mending On Missouri

Shingler Is New Head Basin Group

SIOUX CITY, Ia. (AP)—The corps of Army engineers is speeding its program of mending the damage done by the record April floods on the Missouri and will be in readiness for possible floods next spring.

Col. H. J. Hoeffer, Omaha district engineer, reported on progress to the Missouri basin interagency committee (MBIAC) here Wednesday.

At Omaha and Council Bluffs, the Grace Street sewer has been repaired, he said. Final cleanup and rehabilitation of the flood protection works will be started late in July. This includes removing flashboarding, sandbags and other work necessary to restore levees to their original condition.

Meanwhile, Brig. Gen. Don G. Shingler of Omaha, Missouri River division engineer, was named new chairman of the MBIAC, succeeding Ben H. Greene of Chicago, Federal Power Commission representative. Greene, on his retirement, offered a defense of the policy making group's work.

"Planning for the repair of locally built levees began immediately after the flood," Col. Hoeffer reported. "But funds for actual work became available only in the latter part of May. By the end of July, we plan to have this repair work advertised for bids with all work completed by the end of this construction period, in readiness for possible floods next spring."

Col. Hoeffer said it is a significant fact that "if our reservoir system had been completed, the river would have been within banks in this whole reach and widespread suffering and losses would have been prevented.

Greene answered critics of the committee, saying "the MBIAC acts as a sounding board for many of the specific studies which are undertaken in the basin either by one agency or jointly by several agencies.

"By acting as a clearing house for these studies, the full coordination and consideration of all groups are assured.

"Either by design or intent, the MBIAC engages in a certain amount of long-range planning on many phases of the work and thereby exerts an influence on the program of many of the agencies."

Greene did not mention them by name, but he obviously meant advocates of a Missouri Valley Authority, when he said:

"There has been far too much misinformation released upon an unsuspecting and uninformed public through various media of information."

The MBIAC includes the governors of the 10 Missouri Basin states and representatives of six federal agencies interested in river development. Governors at Wednesday's session included William Beardsley of Iowa, Sigurd Anderson of South Dakota and Val Peterson of Nebraska.

Flood Report Given

A report on how the U. S. Weather Bureau forecast within the smallest fraction of an inch last April's Missouri River floods was given by Verne Alexander, engineer for the department in Kansas City.

Alexander reported that the stage of slightly above 24 feet at Sioux City was based on observation at Mobridge six days in advance and at Chamberlain, S. D., two and one-half days in advance.

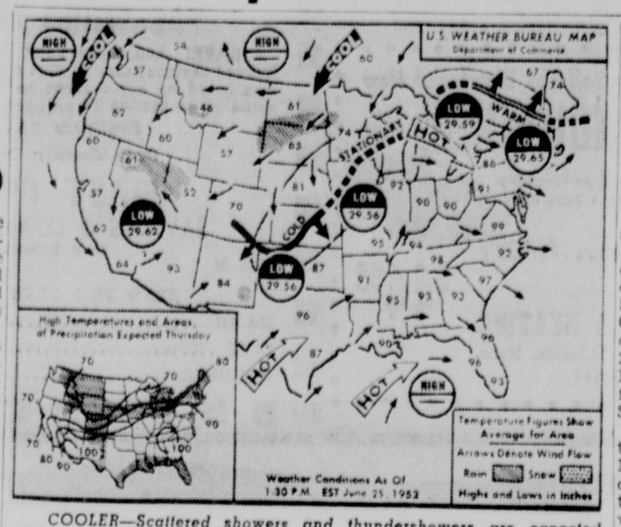

R. H. Musser, Milwaukee, Wis., regional director, reported in another talk all of Iowa is now covered by soil conservation district organizations.

He reported specifically on the soil conservation service's Little Sioux river watershed.

The Little Sioux is one of the first 11 small watershed projects for flood control authorized by congress in 1937. Basically the plan provides for the stabilization of natural watercourses through a combination vegetative and structural measures.

Power Output Up

NEW YORK (INS)—The Edison Electric Institute reported Wednesday that nationwide power output in the week ended June 21 reached its highest level in nearly three months at 7,254,058,000 kilowat hours. This was 6-1/10 per cent higher than the same week last year.

COOLER—Scattered showers and thundershowers are expected Thursday in New England, western New York state, the southern Great Lakes region, the Rocky Mountain area and along the immediate coastal regions of the Gulf states. Cooler air will cover the northern Great Lakes region and the northern Plains states with the cooling trend extending southward into sections of the central Plains. (AP Wirephoto Map Wednesday Night.)

Northern Given Expansion O.K.

WASHINGTON (AP)—The power commission has authorized Northern Natural Gas Company of Omaha to expand its pipeline capacity by 225 million cubic feet daily, but it has earmarked part of the increase.

The proposed pipeline expansion would cost $38,690,000.

In granting the certificate the commission specified that Northern must provide this service: 500,000 cubic feet of gas daily to Coon Rapids, Ia.; 480,000 feet daily to Guthrie Center, Ia.; and 2,860,000 cubic feet daily to the Minnesota Valley Natural Gas Co., for service in Madelia, St. James, Sleepy Eye and Springfield, Minn.

The commission also imposed the condition that all gas reserves Northern controls must be firmly committed to the expanded system. The commission said this would not prevent normal trading of individual leases or wells solely for the purpose of obtaining more economic production units.

But it said the condition was imposed because Northern indicated it might sell a substantial portion of its reserves though the commission finds that all such reserves are required to justify the certificate granted it Tuesday.

The FPC said Northern in its 1950 annual report to stockholders said it might alienate its own gas reserves if it was dissatisfied with the rate-making policies of the commission or if sufficient cash credits were not allowed for gas produced from its own acreage.

The expansion granted would permit Northern to build 213 miles of loop pipeline and additional compressor capacity in Texas, Oklahoma, Kansas, Nebraska and Minnesota.

FRANK H. KITTS

HOLSTEIN—Funeral services for Frank H. Kitts, 64, Holstein contractor, will be held at 2 p.m. Thursday at the E.U.B. Church here. He died in a York hospital. A lifelong resident of Holstein, he was visiting at the home of his daughter, Mrs. Raymond E. Gray of York, when he became ill. Surviving are his wife, Anna; two daughters, Mrs. Ivan Grueter of Juniata and Mrs. Gray; 11 grandchildren, one great grandchild and a sister.

Farm Mishap Kills Woman

SIDNEY, Neb. (AP)—Mrs. Walter Twarling, 52, was killed in a farm accident Wednesday at the Twarling farm 16 miles west of Dalton.

Cheyenne County Sheriff W. W. Schulz said Mrs. Twarling's head was pinned beneath a heavy truck bed which apparently had been blocked up to permit some repair work. Her husband was in the farm shed where the accident occured but was so grief stricken he could not immediately give an account of what happened, the sheriff said.

Neighbors helped in an attempt to revive Mrs. Twarling but she was dead when a physician arrived.

The Twarlings were married only last March.

Nebraska City Reaches Goal Of Industry Fund

NEBRASKA CITY, Neb. (AP)—Nebraska City was "over the top" Wednesday in the campaign to induce community residents to invest $200,000 in bringing new industry to the city.

The money goes to erect a building southwest of town for the American Meter Company, which is establishing a plant here—the biggest industrial development yet to hit the city.

The drive to sell 2½ per cent bonds was carried out by Nebraska City Industries, Inc. There were some 300 investors.

Work at the plant site already is under way.

State Deaths

William A. Heil, Louisville, Is Dead

LOUISVILLE—Funeral services were held Wednesday for William A. Heil, 65, lifelong resident of the Louisville-Cedar Creek areas. He was a member of the First Lutheran Church at Plattsmouth. Surviving are his wife, Anna; a sister and two brothers.

EDWARD D. FREEMAN

WEEPING WATER — Funeral services were held here for Edward D. Freeman, 75, retired farmer. He died just one month following his fiftieth wedding anniversary. Born in Missouri, he lived at Mound City and later moved to Howe, Neb. Surviving are his wife, Grace; four sons, Charles and Raymond, both of Weeping Water, Frank of Kansas City, Kan., and Earl of Avoca; four daughters, Mrs. Marjorie Van Horn of Weeping Water, Mrs. Millie Lowther of Union, Mrs. Elsie Weber of New York and Mrs. Nina Mather of Plattsmouth; and 16 grandchildren.

MRS. HATTIE W. MITCHELL

FALLS CITY — Funeral services were held here for Mrs. Hattie W. Mitchell, 82, who died at the home of her son, Walter Seeger. Born in Chicago, she at one time lived in Atchison, Kan., and Minneapolis, Minn. Surviving are three sons, Theodore of Atchison, Peter of Kansas City and Walter; two daughters, Mrs. Dean Evans of Atchison and Mrs. Fred Ross of Minneapolis; three sisters, 17 grandchildren, 39 great grandchildren and two great great grandchildren.

REINHARD FUSS

YORK—Funeral services were held here for Reinhard Fuss, 83, retired York County farmer, who died in a local hospital. Born in Germany, he came to York in 1883. Later he went to Minnesota where he resided for a year and then returned to York County. Surviving are there sons, Arthur of York, Ernest of Loveland, Colo., and Arnold of York; four daughters, Mrs. Anna Blum of York, Mrs. Hedwig Heiden of Waco, Mrs. Clara Blum and Mrs. Louise Morgan, both of York; 12 grandchildren and six great grandchildren.

G. H. HOFIUS

NORFOLK—Funeral services for G. H. Hofius, 68, former Lutheran parochial school teacher, will be held Thursday. He taught the Immanuel Lutheran School at Hadar for 35 years, and for the past eight years taught the Altona Lutheran school. Surviving are his wife; one son, William of St. Louis; one daughter, Mrs. Eugene Billerbeck of Snyder and three grandchildren.

Harvesting Activity Pushes Ahead In Beatrice Area

This Year's Quality Of Wheat Is Up

By JOHN SWANSON
(Star Staff Writer)

BEATRICE, Neb.—Pushed to the final stage by the last two days of hot sun and drying wind, Nebraska's 1952 wheat harvest hit this section with a rush Wednesday.

At noon an observer could see only a few fields in which combines had cut at least a swath. By mid-afternoon nearly every section of Gage County was being cut.

And it was a harvest beginning almost free of the usual false starts caused by green wheat and moisture. Most farmers reported their only difficult was from dry wheat which shattered from the heads.

The first faltering steps at harvesting were made Monday afternoon, a few more opened their fields Tuesday and on Wednesday one elevator in Beatrice reported receiving more than 5,000 bushels of new wheat.

Moisture Down

John Mueller, manager of the Farmers Elevator here, said Wednesday that he is highly satisfied with the quality of wheat being brought in this year. "The moisure is down," he said, "and the test is up."

Gage County Agent Robin Spence estimated that all the county's wheat would be in the cutting stage in about a week. The expectations, he said, are for a good crop.

Among the first to start early Wednesday was Carl Holsing who farms east of here. On the basis of one run which set his 35-bushel combine bin to overflowing, Holsing estimated conservatively a yield of more than 30 bushels per acre.

Some difficulty was being experienced by farmers who were forced to cut wheat so low that much of the grain was being thrown through the machine with the excess of straw. Farmer J. Luther Hoyle, north of Beatrice, complained of this difficulty on wheat that had been damaged by hail about 10 days ago.

The story of the harvest here is typical of that throughout the southern edge of the state where combines are beginning to roll.

OPENING HARVEST—A self-propelled combine owned by Carl Holsing of Beatrice moves through the first round of harvest Wednesday. Charles Holsing is at the wheel, Carl Holsing stands beside him and little Dennis Holsing rides in the bin. (Star Staff Photo.)

If the crop makes the expected record yield it will be because of the break in the heat wave June 16.

The situation looks generally good in spite of spotted late damage from hail, wind and driving rain. The following is a state-wide summary complied Wednesday by the Associated Press:

HOLDREGE—Harry Uhrick brought in a load of wheat testing 55 pounds and 13 per cent moisture. This wheat had some shriveled berries indicating damage from the scorching heat. Ed Langenberg brought in 60 pound wheat.

HOLMESVILLE—Floyd Wrightsman took wheat to a Holmesville elevator which tested 60 pounds, moisture content between 13 and 14. He estimated his crop would average around 20 bushels to the acre. Henry Siefkes had wheat testing about the same and running an estimated 25 bushels to the acre.

FAIRBURY—Herschel Flower combined a seven acre field yielding 26 bushels but said he considers this his poorest field. Weight was 61, moisture 15.

ALMA—Wayne Paxson combined a field of Pawnee Wheat yielding 39 bushels. Harry Vahle of Alma said his Pawnee Wheat, planted on summer fallowed ground, was running between 30 and 35 bushels. Manager Joe Schneider said the first 5,000 bushels of grain received tested between 58 and 59 pounds, with moisture averaging 12½ per cent. Nearly all wheat is being stored and little is being sold, Schneider said.

FRANKLIN—Gus Splattstoesser said some Cheyenne Wheat planted on old alfalfa ground was running between 25 and 30 bushels "but it's the worst I have."

BLUE HILL—A. L. Buschow reported "We're binding some Pawnee Wheat. From the weight and heft of the bundles I'd say it will run about 30 bushels or maybe a little better."

RIVERTON—Delwyn Dunkin reported he started combining Monday. "My wheat is on rather poor ground and will run about 20 bushels."

Mid-State Plans Hydro Project On Platte River

WASHINGTON (AP)—Nebraska Mid-State Reclamation District, Grand Island, filed a declaration of intention with the power commission to construct a hydro-electric and irrigation project in Nebraska.

The proposed development on the Platte River and tributaries would affect Dawson, Gosper, Buffalo, Hall and Merrick Counties. It would include three reservoir systems and four power plants having a total installed capacity of 30,700 kilowatts.

State Briefs

Madison Girl Heads Youths

BATTLE CREEK—Margie Krueger of Madison has been elected president of the Madison County Rural Youth organization. Other officers named include Marlene Neidig of Madison, vice president; Marlene White of Madison, recording secretary; Shirley Volk of Battle Creek, corresponding secretary; Marvin Johnson, treasurer; and Margaret Nahrsted of Madison, news reporter. Installation of officers will be Friday at the group's annual picnic near Norfolk.

DAVENPORT—C. C. Camp has been installed as president of the Davenport Lions Club for the coming year. Other officers are Dr. Mountford, first vice president; Art Jensby, second vice president; Lynn Johnson, third vice president; H. B. Johnson, Lion tamer; Frank Johnson, tail twister; and Wm. Sorensen and Lester Urbauer, directors.

HOOPER—Dr. Luther P. Powell, son of Rev. and Mrs. Clarence V. Powell of Hooper, has been appointed assistant professor of the department of the Rural Church of Drew Theological Seminary, Madison, N. J. He received his B.A. degree from Nebraska Wesleyan University. He taught for five years in McCormick Seminary in Chicago and for the past year has been pastor of the First Presbyterian Church in Urbana, Ill.

WALTHILL—Mrs. Russell Stout of Winnebago is the president of the newly organized Thurston County Extension Service. Other officers are Mrs. J. S. Rihanek of Thurston, vice president; Mrs. Clarence Macy, secretary; and Theodore Heise of Rosalie, treasurer. Other members of the board of directors include Mrs. Nels Fredericksen of Pender, John Ruge of Emerson and William Hartwig of Walthill.

LEXINGTON—A total of $7,832.22 has been raised for Dawson County's new 4-H building, expected to cost about $13,000. County Agent Harold Stevens said the building is being financed mostly by 4-H clubs and friends of the clubbers.

NORTH PLATTE—Several hundred farmers from western and central Nebraska are expected for the annual crops day at the North Platte Substation next Wednesday. Acting Superintendent L. L. Zook said plans call for a tour of the main substation during the morning and the dryland farm in the afternoon.

William B. Bryant, Omaha Lawyer, Dies

OMAHA (AP)—Funeral services were held Wednesday for William B. Bryant, 67, the third Negro to graduate from a law school in Nebraska. He died Monday.

Crash Claims Third Death

NORFOLK, Neb. (AP) — Mrs. Christine Muff, 72, who was injured Sunday in an automobile accident that took the lives of her son-in-law and daughter, Mr. and Mrs. Lyndon McKamy of Hastings, died early Wednesday morning in a Grand Island hospital.

Funeral services for Mrs. Muff and the McKamys will be held at 9:30 a.m. Thursday at St. John's Catholic Church near Clearwater. Burial will be in St. Anthony's cemetery.

Mrs. Muff, who resided at Norfolk for about the past eight years, is survived by three daughters, Mrs. Elmo McKamy, Mrs. Merle Cox and Mrs. Carl Gokie, all of Norfolk; three sons, Mark Muff of O'Neill, Cletus Muff of Clearwater and Leonard Muff of Washington, D. C., and a large number of grandchildren.

Mrs. Muff suffered a hip fracture, a hip dislocation and her skull was fractured in the accident east of Central City.

The four children of the Lyndon McKamys, who were injured in the accident and taken to a Grand Island hospital, will recover, relatives said Wednesday.

The death of Mrs. Muff boosted the Nebraska 1952 traffic death total to 137, or 17 more than at this time last year.

Peter Mohr Dies; Lincoln Resident For Many Years

CRETE, Neb.—(Lincoln Star Special) — Funeral services for Peter F. Mohr, 88, resident of Lincoln for 65 years, will be held at 2 p.m. Friday at the Kunel Funeral Home in Crete.

For the past six years he had made his home in Crete with a daughter, Mrs. Rosa Johnson, after leaving Lincoln.

Surviving are four sons, Carl F. of Scottsbluff, Herman of Seward, Walter of Crete and Richard of Lincoln; and three daughters, Mrs. Louisa Bloom of Bakersfield, Calif., Mrs. Elsie Schroeder of Ashland, and Mrs. Johnson.

Dr. Arthur Crisp of Lincoln will officiate at the services. Interment will be in Wyuka at Lincoln.

Ullom's Death Due To Heart Condition

OMAHA (AP)—A heart condition caused the death of Frank Blair Ullom, found dead in a bed which was afire at his home here, according to Coroner George Sullivan.

It was surmised the 47 year old man died of a heart attack while smoking in bed.

Moran Defends His OPS Office Staffing

OMAHA (AP) — Edwin Moran, Nebraska Office of Price Stabilization (OPS) director, commenting on charges his office is overstaffed, said the staffing pattern "is approved in Washington, subject to the scrutiny of the Bureau of the Budget and Civil Service."

"This has been the case ever since this office was opened early in 1951," he said.

"The real question is whether the business men and industrial people of Nebraska are entitled to the services of capable and highgrade employes or to those of incompetent and underpaid employes."

In Washington, a House appropiations subcommittee report recommended lopping off several persons from the Nebraska office, which it said is "topheavy with high salaried personnel."

This is what Rep. Curtis (R-Neb) has long been contending.

Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Government Probing False Tip On Owen Lattimore

Criminal Charges Possible

WASHINGTON. (INS) — The government moved Wednesday toward possible criminal prosecution of an unidentified tipster who reported falsely that Far East expert Owen Lattimore planned to visit Iron Curtain countries.

The Justice Department said it will co-operate with a Seattle Grand Jury probe of the case, confirming in effect that false information resulted in the state department's travel ban against Lattimore.

Presidential Secretary Joseph Short said that President Truman has asked for and received from the State Department a report on the latest episode involving the controversial Far East expert.

And Attorney General McGranery sent his special assistant, Joseph A. Lawther, to Seattle—source of the charge by an unnamed paid tipster—that Lattimore was planning a trip to Russia or Red satellite countries.

McGranery said a grand jury will be convened in the west coast city to "explore the motive" behind the tip.

Sen. McCarthy (R-Wis) once called Lattimore the top Soviet agent in the United States, but the accused man—now a Johns Hopkins University professor—has denied repeatedly and vehemently that he was ever a Communist or a Red sympathizer.

Bates Installed As New Marine Head

Charles A. Bates was installed as commandant of the Cornhusker department of the Marine League Wednesday night at the Lincoln Hotel.

Other officers installed are: Joseph B. Bovey, senior vice commandant; Harland D. J. Huppert, adjutant-paymaster; Preston Polsky, judge advocate, and John Lovell, chaplain.

The group also discussed its opposition to reactivation of he Lincoln Air Base under the present plan which would force the Naval Air Reserve and Marine detachment to move elsewhere.

The league is "definitely in favor of reactivation so long as the Navy and Marines remain," Joseph B. Bovey, new senior vice commandant said.

Mrs. Rodgers Is Taxed $643 On Her Inheritance

County Judge Herbert A. Ronin has ordered Mrs. Gertrude C. Rodgers to pay an inheritance tax of $643.04 on the $93,758.65 estate left to her by the will of her husband, Bert Rodgers, who died April 12, 1951.

Mary Margaret Rodgers, another beneficiary, was ordered to pay $837.58 inheritance tax on the $93,758.65 left to her.

The total estate amounted to $218,802.84.

Gene Howe, Texas Editor, Ends Own Life With Bullet

AMARILLO, Tex. (AP)—Gene Howe, famed Texas editor, ended his own life with a bullet Tuesday night. He was 66. His body was found in his car near here Wednesday.

He was the longtime editor of the Amarillo Globe and News. Everybody—truthfully almost everybody—in the Texas Panhandle knew him. He was the man who

GENE HOWE . . . despondent.

wrote that homey column—often kidding, often serious—called "The Tactless Texan" in the Amarillo News.

His friends said that it was despondency over his health that caused him to take his own life.

A farmer saw his car parked on a country road about 7 o'clock last night. The car was still there at 9:30 a.m. today, and the farmer investigated. He found Howe's body in the rear seat. A bullet had pierced his right temple. A .38 caliber pistol was still in his hand.

Mrs. W. J. Flesher, Randall County justice of peace, returned a verdict of suicide.

There were no final notes.

His notes go back 50 years in the newspaper business. He worked as a printer and reporter in Kansas, Idaho and Oregon first. He founded the Amarillo Globe in 1924.

At his death he was chairman of the board of the Globe-News Publishing Co. of Amarillo. The company owns the two Amarillo newspapers, the morning News and the afternoon Globe-Times. It also owns radio station KFYO of Lubbock, Tex., and KGNC of Amarillo.

Howe was born in a newspaper family. His father was Ed W. Howe, famous for 50 years as editor of the Atchison, Kan., Globe. His brother, James P. Howe, who now lives at Walnut Creek, Calif., was an Associated Press foreign correspondent for many years. And his sister, Mrs. Mateel Howe Farnham, who lives in Westport, Conn., is an author.

Auditorium Group, Council Meeting Re-Set For Monday

A scheduled joint Auditorium Committee and City Council meeting, originally set for Tuesday, has been re-scheduled for Monday at 2 p.m.

The Committee at that time will hear a proposal by Councilman Clark Jeary for construction of the Auditorium without the sports arena, but built otherwise to previously planned specifications.

Jeary made his original proposal to the Council at last Monday's meeting. He speculated the Auditorium could be begun in a year less time if the plans did not have to be completely redrawn.

Jeary suggested the possibility of the Rogers Tract at 33rd and O Street being used for later construction of a sports arena if it is considered essential.

The meeing was delayed because of conflicting appointments on the part of some Committee members.

Free Downtown Rides Again To Be Offered

Lincoln bus riders will again be treated to free rides downtown between 5:30 and 8 p.m. Thursday.

Through the courtesy of Lincoln City Lines and the Lincoln Promotion Council, the free rides to town will continue each Thursday until further notice.

Worcester To Take Part In German Workshop

D. A. Worcester, chairman of the University of Nebraska department of educational psychology and measurements will leave July 10 for Germany where he will be one of group of educational psychologists to participate in a workshop on "Modern Psychology and Education." The particular theme of the workshop will be "Child Growth and Development as It Applies to the Public Schools of Germany."

The workshop is initiated at the request of the Kultus-ministers of Western Germany Laender and of Teacher Associations of Western Germany.

We Have Our Own Method

COOLER TODAY—the man says—Well, we're not a bit worried about temperatures, we have our own method for keeping cool—simple and inexpensive—We just figure out how many weeks until the first football game—September 20, this year—and go on from there—Just 12 weeks until football—just nine weeks from then to Thanksgiving—and only four weeks from Thanksgiving until Christmas — We're practically frozen right now.

* * *

IN SPITE of the fact that the weather hasn't been particularly conducive to entertaining, we haven't found that too many people are suffering from boredom — Strangely enough there are as many "goodbye" parties on this week's calendar as there are courtesies for guests—

Wednesday evening, for example, Mrs. Clyde Davis, widow of the founder and first dean of the college of dentristy at the University of Nebraska, left to reside permanently in Seattle, Wash., where she will be near her son-in-law and daughter, Mr. and Mrs. Neil Lane.

* * *

AS A FAREWELL courtesy to Mrs. Davis a group of past presidents of the Dental Auxiliary, and the wives of the members of the Davis Study Club, gave a no hostess luncheon at the University Club. Luncheon places were arranged for 12.

* * *

AND TOMORROW, when Mrs. Wood Shurtleff is a luncheon hostess at the University Club, it will be in farewell courtesy to her sister, Mrs. Joseph Marvin, who leaves soon for St. Paul, Minn. The luncheon guests will include a group of Mrs. Marvin's friends.

* * *

JUST IN case you haven't remembered—it now is DR. Joseph E. Martin, and the new professional title involves the Marvins' move to St. Paul—It is there that Dr. Marvin will intern.

Anyway, on Sunday or Monday, Dr. and Mrs. Marvin and their two children, Joe Jr., and Kathy, will be leaving for their new home.

* * *

THE PARTY FOR which Mr. and Mrs. Theodore Anker and Mr. and Mrs. Ralph Park were hosts and hostesses on Wednesday evening at the home of Mr. and Mrs. Park, was a guest courtesy—The honorees were Mr. and Mrs. Autrey C. Cantrell of Tyler, Tex., who are the house guests of Mrs. Cantrell's sister, Mrs. Kay Ledwith, and her mother, Mrs. E. M. Painter, and Mrs. Painter's sister, Mrs. Elvera Jensen of Pasadena, Cal. Mrs. Jensen leaves on Friday to return to the west coast, and Mr. and Mrs. Cantrell will end their holiday in Lincoln on Sunday.

* * *

SPEAKING OF guests — Just learned that Mr. and Mrs. Earl Swain of Muncie, Ind., arrived on Tuesday evening to spend a few days as the house guests of Mrs. B. E. Moore. Mrs. Swain will be remembered in Lincoln as the former Fern Ammon.

* * *

FOUND THE DALYS—Mr. and Mrs. Fritz—dining with guests at the University club on Wednesday evening—The visitors were Mrs. Daly's brother-in-law and sister, Mr. and Mrs. John Lowe, and their son Jack, of Kearney.

* * *

BUT NO GUEST or farewell courtesies are involved in the dinner for which Dr. and Mrs. Frank Tanner will be host and hostess this evening when they entertain at the University club—Dr. and Mrs. Tanner are just having a party-for the sake of a party—They have invited ten guests for the dinner and an informal evening.

* * *

ANOTHER dinner host and hostess at the University club on Thursday evening will be Dr. and Mrs. H. B. Morton who also are entertaining for no particular reason other than they want to have a party. Dinner places will be arranged for twelve, and following dinner the group will remain at the club for an informal evening.

* * *

VISITED A MOMENT or two with Mrs. Ross P. Curtice Wednesday morning—She seems to feel that Cape Town, Pretoria, South Africa is a long, long way off—but we told her that by plane she could get there in no time at all—Mrs. Curtice's interest in South Africa, of course, has to do with her granddaughter, Mrs. Allen Gullion who, with Major Gullion and the two small Gullions, Weyant and Helen Curtice, sail for Pretoria on Saturday. Major Gullion will be on duty as the air force attache at the American embassy there.

* * *

WE'LL TAKE back what we said about guest courtesies not being any more flourishing than farewell parties—Just found out about some guests who are arriving tomorrow — and some courtesies for them.

Friday will bring to town Mr. and Mrs. Richard Cocklin of El Cerrito, Cal., formerly of Lincoln, who plan to stop off in Lincoln for a few days en route to their home from the east, and will be the house guests of Mr. and Mrs. Jack Devoe.

* * *

ON SATURDAY evening Mr. and Mrs. Devoe and Mr. and Mrs. John Comstock will honor the visitors when they are dinner hosts and hostesses at the home of Mr. and Mrs. Comstock.

Visitors From New York

Although Brad and Mary Sue Mendelson didn't mention it, we'll wager they wished the photographer would hurry so they could resume their game or croquet. Brad and Mary Sue, with their mother—Mrs. Irving Mendelson—arrived from New York a few days ago to spend a week or so as the house guests of Mrs. Mendelson's brother and sister-in-law, Mr. and Mrs. A. Q. Schimmel.

A Trio Of Popular Guests

Young Johnny Logan and his contemporary and cousin, Miss Judy Yates of Denver, took time out Wednesday afternoon to pose for the photographer with Johnny's mother, Mrs. John Logan of Los Angeles. Mrs. Logan. (the former Eleanor Farrell), her mother, Mrs. Lawrence Farrell, and Johnny arrived Tuesday evening from Los Angeles to spend a week or ten days as the guests of Mrs. Farrell's brother-in-law and sister, Mr. and Mrs. Thomas Leadley. Miss Judy, of course, is tne daughter of Dr. and Mrs. Dean Yates of Denver, and also is visiting her grandparents, Mr. and Mrs. Leadley.

Betrothal Announced

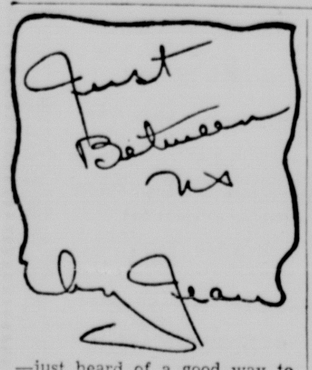

GAYLE JEANETTE ROXBERG

Mr. and Mrs. Carol G. Roxberg are this morning announcing the engagement of their daughter, Gayle Jeanette, to William Barrett, jr., son of Mr. and Mrs. William Avon Barrett of Grand Island.

No wedding date has been named.

Miss Roxberg is a junior in the college of pharmacy at the University of Nebraska, and also has studied at Western College for Women, Oxford, O. She is a member of Sigma Kappa sorority.

Mr. Barrett is a graduate of the University of Nebraska where he plans to do graduate work. He is a member of Phi Beta Kappa and Sigma Xi, and is prominent in activities at Norris House.

—just heard of a good way to blow off steam. When you get to the point you want to throw things, do as one Lincoln housewife does — save all your cracked dishes, then throw them when the temper reaches the boiling point.

★

—two authors (whose names shall remain anonymous, or they would be deluged with protests) claim they recently made a survey that proves 13 per cent of the women they contacted gossip, as compared with 17 per cent of the men! Of course, it could be asked, "Just how does one determine what is gossip?"

★

—was amused to hear a Marine admit, over the air, that he was still hoping to marry his fiancee—who had been engaged five different times (to five different men) in the short while he had been in the service. He asserts she must still be interested in him, however, as she continues to write to him. That should go into the "perenially hopeful department."

★

—Mrs. John Ames has created something of a sensation at the swimming pool this summer with a genuine Mexican chapeau purchased last winter when the Ames were south of the border. Old and young alike gaze in open-mouthed wonder at the countless objects that decorate the straw crown and wide sweeping brim. The Mexican designer has included a windmill, a chicken, a cart drawn by a donkey, and countless flower pots on this millinery marvel.

Tribute Is Paid

After two and one-half years at the helm of the Southwest Community Center, Miss S. Adelia Winter is retiring as executive director—and honoring her Wednesday for a "job well done" was the center's board of directors.

Staging a luncheon in her honor at the University club, the board expressed its appreciation for her contributions to the center and gratitude for her accomplishments. Miss Winter was presented a gift on behalf of the board by Harry Simon.

Chosen center director because of her "understanding of young people and their problems," Miss Winter began serving as director in January, 1950. She is well-known in Lincoln, since she taught at Lincoln High; served as Bancroft school's acting principal, and assistant principal of Irving school for a number of years before beginning work with the community center.

"I found the work at the Southwest center very challenging," Miss Winter said Wednesday, "particularly because it covered a very large area and an age group ranging from tiny tots to the older people."

She said her plans for the future were "undecided."

Courtesy For Guests

Complimenting her nieces, Mrs. Don Nannen (Iona Lee Sehnert) of Harlingen, Tex., and Mrs. John Sherburn (Marcella Sehnert) of Los Angeles, Calif., Mrs. Will Hanneman was hostess at luncheon on Wednesday at her home.

Mr. and Mrs. Nannen, their daughter, Kathy, and Mr. and Mrs. Sherburn and their son, Fred Louis, are guests at the home of Mr. and Mrs. Fred Sehnert, parents of Mrs. Nannen and Mrs. Sherburn.

Other out of town guests at the luncheon included Mrs. Hanneman's sister-in-law, Mrs. Henry Sehnert, and Mrs. Sehnert's daughter and granddaughter, Mrs. Al Mariska, and daughter, Joyce, all of Dorchester.

Plans Series Of Coffees

The Jane Jefferson Democratic Women's club has a project for July that really begins in June—Naturally the members of the Jane Jefferson club have a political ear to the ground at all times, and it goes without saying that at their regular meeting all discussion involves political angles.

The first of the coffee series will be held on Friday morning, June 27, between the hours of 10 o'clock and 12 o'clock at the home of Mrs. J. W. Staton.

Birthday Party

In celebration of his fourteenth birthday anniversary on June 25 Richard Bulin, son of Mr. and Mrs. John Bulin, entertained fifteen guests at his home on Wednesday evening. Fifteen guests were invited for the informal affair which began at 7:30 o'clock. Refreshments were served late in the evening.

The Stork Club

BRYAN MEMORIAL HOSPITAL

MR. AND MRS. GLEN IKIRD, Firth, a daughter, on Thursday, June 6. Mrs. Ikird is the former Geraldine Scott.

Introducing—

Mr. And Mrs. Klein

A pleasant addition to the group who make their living through some phase of insurance are the Paul G. Kleins, from Hutchinson, Kas. Minus their wits and some of their furniture, they arrived in Lincoln on THAT Sunday that was one hundred and four in the shade! Since they were not too far away at the time of their transfer, as special agent for an accident and indemnity company, the Kleins managed two trips earlier this spring to look around for a new home.

Before they moved to Hutchinson, Mr. and Mrs. Klein both lived in Kansas City where Mrs. Klein attended junior college. Her interests were manifested on a small newspaper in Kansas City, and as a secretary in an oil company. Possessed of a curiosity for advertising, Mrs. Klein even worked in the ad department of an exclusive ready to wear shop. She overcame her apathy toward outdoor sports by taking up golf a year ago and has shown a great deal of natural ability. When they have the time, the Kleins have an occasional game of bridge and love to swim. Nebraska and Kansas are similar to Evanston, Ill. where Mrs. Klein grew up

While his wife was doing civic work in the hospital auxiliary, Mr. Klein attended law school in Kansas City. Previous to that, he graduated as a political science major from the University of Kansas where he was a Sigma Nu. After his three years as a lieutenant, j. g. in the Navy, he began his law studies at Lawrence. Although he has been interested in organizing an alumnae group, Mr. Klein found too few fraternity brothers in Hutchinson, but has been an active Boy Scout worker, reader, swimmer, football enthusiast and golfer. When they attend the university football games this fall, there is likely to be a split loyalty, for Mr. Klein's brother was an active enthusiast at the University of Missouri!

One never knows in this business of insurance, but this attractive couple and their talented dog, Mickey, hope to be permanent residents of Lincoln.

Church Ceremonies Solemnized

MRS. LEONARD E. PAGE

MRS. KENNETH E. McKEEN

PETERSEN-McKEEN

For the wedding of Miss Shirley Jean Petersen, daughter of Mrs. Marion Baker, and Kenneth E. McKeen, son of Mr. and Mrs. G. C. McKeen, which took place on Wednesday evening, June 25, the chancel of the East Lincoln Christian church was appointed with lighted cathedral candles in seven-branched holders, and pink and white gladioli arranged in pedestal baskets.

The Rev. Raymond L. Alber, minister of East Lincoln Christian, read the lines of the 8 o'clock service in the presence of two hundred guests, and the wedding music was played by Houghton Furr, organist. Mr. Furr also accompanied Clifford Mittan who sang, "Because," and "I Love You Truly," preceding the ceremony, and "The Lord's Prayer" at the close of the benediction.

The attendants, Mrs. Kenneth L. Petersen, the matron of honor, wearing pastel blue; and the bridesmaids, Miss Charlotte Hatcliff and Miss Joy Ann Sherwood, in the orchid tone, wore identically styled frocks of lace and net. The lace bodices, fashioned with small, rounded collars, were snugly fitted above the full, floor length skirts of net over taffeta. Mrs. Petersen carried a colonial bouquet of pink carnations, while the bouquets of the bridesmaids were of blue-tinted carnations. The candles were lighted by Miss Alice Antrim and Miss Doris McKeen, both wearing white satin choir robes. Charles Edward Hauptman carried the ring.

Charles J. McKeen served the bridegroom as best man, and the ushers were C. J. Hauptman, Robert Carder, Hubert Pinckley, and Marvin Chambers of Bennet.

For her wedding the bride chose a gown of Chantilly lace and tulle, over satin. The long-sleeved lace bodice was designed with a yoke of tulle, cuffed at the throat with a soft collar of lace and encircled with a natural scallop of the lace. The tulle skirt had accentuated fullness and was completed with a long, aisle-wide train. Her double-tiered veil was fingertip length, and was held to the head with a bonnet-brim of tulle ornamented with a delicate edging of orange blossoms. She carried a colonial bouquet of white carnations centered with a corsage of white roses.

The reception was held in the church parlors immediately following the ceremony, and assisting were Mrs. C. D. Mittan, Mrs. C. L. Pecht, Mrs. Ray Girmus, Mrs. C. F. Sherwood, Mrs. Robert Greenlee, Mrs. Earle Faulkner, Mrs. Don Davis, Mrs. Bess Sellmyer, Miss Bette Davis, Miss Marilyn Mook, Mrs. C. J. Hauptman, Mrs. Arthur Bloyd, Mrs. C. J. McKeen and Miss Clara Jane Mittan.

After July 14 Mr. McKeen reports to Camp Kilmer, N. J., where he will await assignment for overseas duty. Mrs. McKeen will return to Lincoln to reside.

MILLARD-PAGE

The marriage of Miss Roberta Maxine Millard, daughter of the Rev. and Mrs. Charles H. Millard, to the Rev. Leonard Page of Greenville, S. C., took place at an 8 o'clock ceremony on Tuesday evening, June 24, at the Vine Congregational Church. The Rev. S. K. Biffle read the service before a background of white gladioli, in pedestal baskets, and lighted candles in seven-branched candelabra. Mrs. Marvin Carr, organist, played the wedding music, and also accompanied the Rev. Forrest McClelland who sang, "Because," "At Dawning," and "Together Life's Pathway We Tread," preceding the service.

Miss Hazel Millard, as the maid of honor, was frocked in petal pink marquisette and lace. The snugly fitted cap-sleeved lace bodice was fashioned with a net yoke encircled with an off-shoulder shawl collar, and the wide skirt was floor length. She carried a bouquet of white and blue-tinted Esther Reed daisies. Miss Frances Arnold, the bridesmaid, wore a frock of heaven-blue sheer. Above the full, floor-length skirt the fitted bodice was designed with a drop-shoulder, contoured with a bertha. Miss Arnold carried pink and white Esther Reed daisies. The candles were lighted by Miss Shirley Benson and Miss Patricia Benson, both in frocks of blue organdy. The flower girl, Joan Ethington was frocked in mist blue net over flesh-toned satin.

Clayton Murphy served the Rev. Page as best man, and the ushers were Virgil and Vernon Millard of Ft. Dodge, Ia., nephews of the bride, and Jay Holmes.

The bride appeared in a gown of satin and lace. The long-sleeved lace bodice, fashioned with a deep sheer yoke patterned with a satin applique in the leaf motif, tapered to an Elizabethan point at the waist beneath which the voluminous skirt swept into an aisle-wide train. Her fingertip veil was of bridal illusion and was held to the head with a bandeau of orange blossoms, and she carried a cascading bouquet of glamellias.

Assisting at the reception, held in the church parlors immediately following the ceremony, were Miss Elsie Murphy, Miss Mabel Miller, Mrs. Willis McGhehey, Miss Edith Trumble, Miss Mary Ann Pierce, Miss Doris Miller, Miss Arlene Miller, and Mrs. Virgil Ethington.

The Rev. Page and his bride left for a honeymoon trip to Niagara Falls after which they will go to Grennville, S. C. For traveling Mrs. Page wore a coffee-toned cotton lace frock, with accessories in white and the luggage shade.

Mrs. Page attended North Central Bible Institute, Minneapolis. The Rev. Page is a graduate of the Southeastern Bible Institute, Lakeland, Fla.

MR. AND MRS. JAMES WIEGAND

Mary Ann Lawritson Weds James Wiegand

Summer garden flowers, lighted cathedral candles, daisies and babybreath made an attractive background for the wedding of Miss Mary Ann Lawritson, daughter of Mr. and Mrs. Earl R. Lawritson, and James R. Wiegand, son of Mr. and Mrs. R. A. Wiegand, which took place on Sunday, June 15, at the Vine Congregational church. Two hundred and fifty guests were present for the 2:30 o'clock service which was solemnized by the Rev. Lloyd C. Shubert, minister of Vine Congregational and the wedding music was played by Mrs. P. C. Swift, organist.

Identically styled were the ballet-length, net-over-taffeta frocks of the attendants, including Mrs. Francis Seybold of Trenton, the matron of honor, who wore pastel pink; and the bridesmaids, Miss Barbara Haddon of North Loup, in pale green; and Miss Dolores Esterman of North Platte, who appeared in the pale yellow tone. The shirt-waist bodices had front tucking, and were completed with Peter Pan collars. Each carried a summer bouquet of garden flowers. The candles were lighted by Bobby Holmes of Trenton, and Teddy Hawley of Vail, Ia. Patricia Keefe, the flower girl, was frocked in blue organdy.

Albert T. Benedict served Mr. Wiegand as best man, and seating the guests were John Lawritson, Delbert Baise, Gene Cook, and Francis Seybold of Trenton.

The bride appeared in a ballet-length gown of ice-blue lace and tulle. The lace-over satin bodice was designed with a deep yoke of tulle, creating an off-shoulder line, that slipped into brief sleeves, and the wide skirt featured tiers of tulle with an applique detail of satin and lace in a leaf-spray motif. She carried a white Bible marked with pink roses. Her only ornament was a strand of pearls, a gift from the bridegroom.

Assisting at the reception, held in the church parlors immediately following the ceremony were Mrs. M. N. Lawritson, Mrs. Burton Leavitt, Miss Artie Westcott, Miss Eleanor Stevenson, Miss Margaret Winkle, Miss Mary Ann Brocklsby and Miss Marie Hawley, Vail, Ia.; Mrs. Don Collamore, Mrs. John Lawritson, Miss Polly Jo Boulton, and Miss Carolyn Lawritson.

After a honeymoon trip to Colorado and the Black Hills, Mr. Wiegand and his bride will return to Lincoln where they will reside at 611 South Thirty-fourth street. For traveling Mrs. Wiegand wore a navy and white checked suit, with white accessories.

Mrs. Wiegand is a graduate of Stephens college where she is a member of Phi Lambda Beta sorority. During the past year she attended the University of Nebraska.

Betrothal

MISS ILA JUNE KOENIG

Mr. and Mrs. William Koenig of Plymouth are this morning announcing the engagement of their daughter, Ila June, to Harlan W. Burger, son of Mr. and Mrs. Walter Burger of Clatonia.

The wedding will be an event of July.

Mr. Burger now is serving with the marine corps and is stationed at El Torro base, California.

Heatstroke KO's Sugar Robinson

Cautious Maxim Retains Crown As Challenger Surrenders In 14th

By BOB CONSIDINE

NEW YORK (INS) — Joey Maxim saved his light heavyweight championship Wednesday night in a bloodless 13-round duel with Middleweight Champion Ray Robinson, but only with the aid of an invisible ally—a 103 degree heat which inundated the Yankee Stadium in honest sweat.

Maxim, 15½ pounds heavier than Robinson, but abundantly ineffectual, was as far behind as the caboose when Robinson—retching in an abysmal heatstroke as he sat on his stool after the 13th round—surrendered.

Referee Ray Miller, who had succeeded Ruby Goldstein when the latter was stricken by the heat and taken from the ring at the end of the tenth, flung himself in the path of the happy Maxim as the Clevelander wallowed across the blazing ring.

Robinson, undergoing the first knockout of his glorious career despite the contributory circumstances sat violently ill on his little 3-legged stool, surrounded by his sweating joint chiefs of staff and the menacing interest of an impartial observer, Dr. Alex Schiff.

"Can you get up, Ray?" the doctor said, making his voice heard above the animal growl of the crowd.

"No," Robinson gasped. And that is how it ended—this strange fight in which Robinson was thwarted, by heat rather than fists, as he stood on the brink of joining Ruby Robert Fitzsimmons and Henry Armstrong as the only men ever to win three titles in the long and often ugly history of the game.

It was officially scored as a knockout "in the fourteenth," though not a blow was struck by the victor in that round—nor in many of the others. Robinson did all the fighting that was done at the Yankee Stadium Wednesday night. He carried it to the counter-punching Maxim most of the way, was a faster, sharper, cleaner hitter—though he could not draw a drop of blood from the hide of the heavier man—and was stopped only by the heat.

The International News Service scoring card had Robinson leading 12 rounds to one when disaster settled upon him.

In the 13th, Maxim smelled the impending victory and the light of what he smelt shone in his fighter's eyes, which look like Max Schmeling's. He bored in after the flouncy Robinson, whose legs were beginning to imitate Ray Bolger's in that immortal dance he does imitating a man being knocked out. Maxim bulled Robby around the ring, and the look on Robby's face was a thing of jungle terror.

He had a little left and he squandered half of it on a barroom right that missed. Then he shot the rest of the bolt, missed by a good six inches, and fell flat on his face on the follow-through. Ray got up, a real game guy, and the futile heavier man herded him gently toward the ropes, where Robinson slapped him with a couple of punches thrown largely from memory and the momentum of his years in the ring.

It seemed quite likely at this point that an anemic child could have stiffened Robinson with anything rougher than a caress. But Maxim had no such power, and the bell found Ray staggering drunkenly along two sides of the rope walls that enclosed him. He fell into the arms of his handlers, and was sick.

For a long, long time this torrid night it looked as Ray Robinson, Harlem saloon keeper, was in for his biggest night's business.

He made a very large monkey out of the heavier man, but there never came a time when it seemed that Ray would do anything except win by a 15-round decision. If Ray had been able to punch like the big fellows, Maxim would have been destroyed long before the heat prostration that befell first, the referee, and then the middleweight champion.

ROUND ONE

They sparred and tied up. Both missed hard shots. Robinson hooked a right to the head. They clinched again. Robinson threw a right and stumbled as Maxim blocked the punch. Ray waded in savagely again and was wild again. One right hand did slap Maxim right in the face and Joey's head jerked back.

ROUND TWO

They fired at close quarters. They they traded hard whacks to the chin. They clinched, and then Robinson, stepping back, tossed a hard left-right to the face. Ray missed a walloping haymaker. They were in close at the bell.

ROUND THREE

Maxim put a couple of jabs into the challenger's face. There was a rapid, tough exchange in close, and they stepped back. Sugar delivered a barrage of body clows in close and an overhand right to the temple. A socking Robinson right caught Maxim on the side of the head. Sugar threw a series of close-in blows to the belt line.

ROUND FOUR

Robinson tagged Maxim on the face with a left-right. They clinched. Referee Ruby Goldstein had to break them forcibly. A slapping Robinson left caught Maxim in the face, and Ray missed with an even harder shot. Maxim pushed Robinson back with an uppercutting left.

ROUND FIVE

Maxim blocked a series of Robinson punches. The champion moved in jabbing and they clinched. Joey drove Sugar Ray away with a hard one-two to the ribs. He repeated the process with a left to the chin. A hard Maxim shot to the solar plexus hurt and enraged Robinson, and the challenger swarmed furiously but without damage over his foe.

ROUND SIX

Maxim got in some good blows in close. Sugar was short with a pair of long rights. They moved around the ring in close, head to head. The champion scored with a pair of jabs.

ROUND SEVEN

They exchanged left hands. Then, a little wearily, they clinched. The crowd began to clap for action. Again they clinched. Robinson, stepping back, landed a hard left on Maxim's face.

Another left rocked the champion and Robinson waded in with both hands. When Maxim clinched, Robinson broke him with a bolo punch.

ROUND EIGHT

They clinched against the east ropes. Maxim threw a quick series of short chops, and they tied up again. Maxim was doing a lot of swinging at close quarters. Referee Goldstein had to pry them apart at the bell, and the crowd booed.

ROUND NINE

They clinched tiredly. The crowd whistled and stamped. They hugged and chopped in close some more. Maxim caught Robinson with a left, then took one of the same and slipped slightly. Robinson missed a bolo uppercut. Then he cought Joey flush on the chin with an accidental left.

ROUND TEN

They went into that same old head-to-head clinch, like two old rams. Referee Goldstein paused at the ropes to tell the ringside doctor he was feeling ill and asked for another referee, the fight going on meantime as Goldstein remained at his post. He seemed a weary heat victim. "I can't see," Goldstein said as the fight went on.

Goldstein was still in there as the bell ended a slow round.

Ray Miller went in to referee and Goldstein had to be helped from the ring. The crowd evidently thought it was Goldstein's work—not his health—that caused the substitution. An announcement carried the facts.

ROUND ELEVEN

Miller was quick to break the repeated clinches between the two fighters.

Robinson seemed a little tired, and Maxim scored with a couple of right hands. Sugar suddenly sent a walloping right to the head that buckled Maxim's knees, and Robinson was still swinging at the bell.

ROUND TWELVE

Maxim threw a couple of lefts to the face. They tied up. Then Robinson, with another of those accidental lefts, caught Maxim flush and sent him half-slipping, half-reeling backward.

ROUND THIRTEEN

They clinched and Miller had to wrestle them apart.

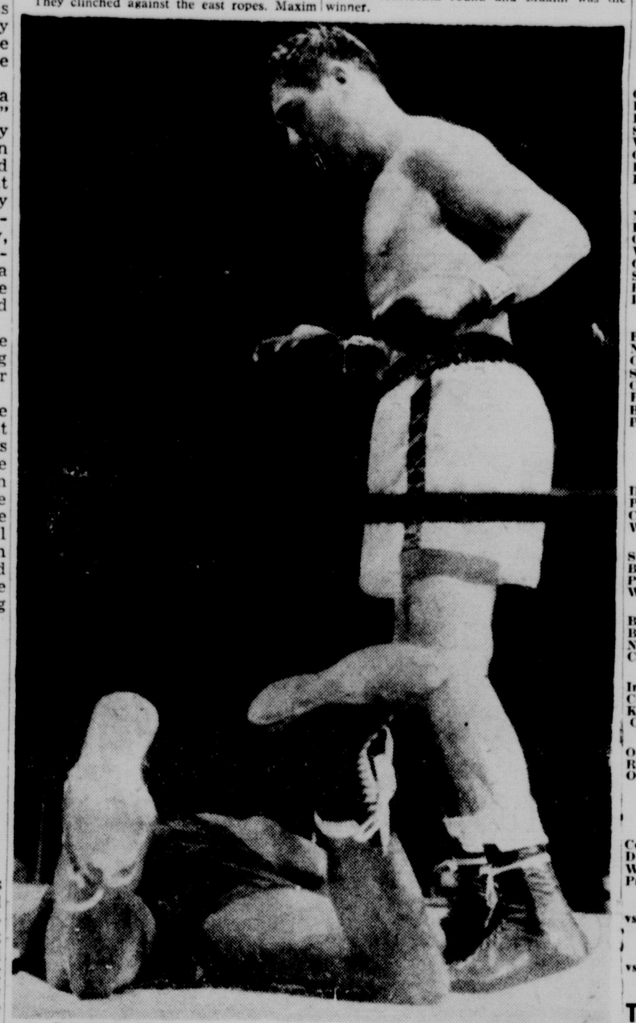

Maxim tagged Robinson with a looping left. Robinson seemed tired, and was retreating. Maxim fell on him, belaboring him, and Sugar Ray hung on. Again Maxim smacked him, and Robinson clinched. A right hand nearly sent Robinson down. Joey threw a right to the face. Ray fell on him, hugging him. Ray missed with a right and fell flat on his face. He was down for a one-count. Maxim kept bearing in. Robinson was swinging, but his legs were rubbery as the bell sounded and Robinson staggered like a crazy man around the ring.

ROUND FOURTEEN

Robinson was unable to answer the bell for the fourteenth round and Maxim was the winner.

Chuck Davey KO's Chico Vejar With Left To Heart

(From Press Dispatches)

DETROIT — Chuck Davey, undefeated contender for the world's welterweight championship, knocked out Chico Vejar in the fifth round of their return bout in Detroit's Olympia Stadium Wednesday night.

It was Davey's 23rd knockout in 34 professional fights and his 32nd victory.

Vejar, defeated by Davey May 7 in Chicago, seemed barely able to connect with the elusive Detroiter. Davey, a southpaw, continually rocked the New York University dramatics student with left uppercuts setting them up with easy rights to the head.

Vejar narrowly missed being dropped in the second round when Davey scored a hard left to the body, a punch similar to the knockout blow.

It was Vejar's third loss in 43 fights.

Davey, with a cheering section from his alma mater of Michigan State, pounded New York University student Vejar with a left to the body that doubled Vejar up at one minute of the round.

Davey, who held a slight edge at that point, chased his dazed foe around the ring and finally dropped him.

Vejar again proved vulnerable to body punches, which floored him four times in the previous fight. Davey kept throwing right jabs to the head and when Vejar's guard was pulled up, the 26-year-old graduate student exploded hard lefts to the body.

ST. LOUIS. (AP)—The New York Yankees received some welcome news Wednesday when Tom Morgan, 20-year-old righthanded pitcher was granted an extension of 30 days by his Los Angeles draft board.

Denver Bests A's Behind Schultz's Steady Pitching

By NORRIS ANDERSON
(Sports Editor, The Star)

Denver's sharp-biting Bears cut their molars on a weak-sticking gang of Lincoln Athletics, 7-3, at Sherman Field Wednesday night before 787 onlookers.

Three hearty musketeers named Bill Pinckard, Robert "Whitey" Ries and Dick "The Wanderer" Wakefield shut the coffin on Manager Les Bell's surging A's.

And Barney Schultz, in limiting the Sherman Field home guard to eight scattered hits, nailed the coffin shut in showing one of the trickiest curves seen here in many moons.

Wakefield, former Pueblo and Wichita citizen and recently forwarded to Denver in exchange for Don Taylor in one of the greatest bargains since Manhattan was pilfered from the redskins, rapped two singles and a double and scored three runs.

Ries, the 190-pound towhead with the stout heart, booted home three runs with two lusty triples and a single.

Pinckard, Mr. Muscles of the Western League who spent Wednesday afternoon in a fierce workout at the Lincoln Y.M.C.A., shot a booming home run over the leftfield fence. This marked his seventh homer in two weeks with the Bears.

In face of this three-ply bit of artillery, Al Romberger and Mason Bowes, rated in pre-season forecasts as aces of the A's mound staff, were tatooed for two-run bursts in the first, fifth and seventh and nicked for a solo in the second.

Romberger yielded in the fourth after giving up eight hits and three runs. Bowes, after shutting out the Bears in the third and fourth, was struck down in the fifth and seventh.

Bobby Gardner made it around for the A's in the first on a double, Fleming Reedy's single and Joe Mangini's double play ball. Romberger scored in the third on a single, Gardner's double and Mangini's long fly. Stewart made it home in the sixth on a single, followed by Danny Holden's double.

Colorado Springs invades Sherman field Thursday night for a single game at 8 o'clock. The Sky Sox will be making the first of three single contests at the South Street plant. Mike Kume (2-4) is the probable A's starting pitcher.

Business Manager Fran Nagle announced that Third Baseman Bob Williams, who is hitting only .206, has been optioned to Fayetteville, N.C., of the Class B Carolina League. Jim Trew, who plays either second or third, was expected in Lincoln Wednesday night. He was purchased from Grand Rapids, Mich. of the Central League (Class A) for which he hit .265 last year.

Nagle announced that Pitcher Harry Desert had been taken off the inactive list.

Footnotes . . . The A's are averaging close to 800 on Sherman Field games thus far . . . Ever notice how Denve Manager Andy Cohen curtesies each inning as he enters the third base coaching box . . . It's a good luck token . . . Wakefield is the most nervous batter seen here . . . He wipes his hands in dirt at least three times during each appearance at the plate . . .

(Box Score On Page 14)

The Firing Line

by Norris Anderson, SPORTS EDITOR, THE STAR

On Baseball, Good Or Bad

GEORGE Long, 22-year old Des Moines righthander, recently astounded Bruin officials by announcing he was quitting the team.

"I just don't like to play baseball," said George, whose fastball was right out of Jackie Price's bazooka. He was considered one of the four or five swiftest moundsmen in the Western League.

Despite all of the eloquent verbage at the command of Bruin President John Holland and Wid Matthews, farm director of the poppa Chicago Cubs, young Long packed his bags and headed for his home in Chattanooga, Tenn.

Mr. Long's allergy for the alleged king of sports reminded us of a recent conversation.

A friend, a keen intelligent fellow whose enthusiasm relegates him to a rabid fan type, jokingly notioned that we didn't like the sport. This came after observing the Firing Line's splinters, gathered during a particularly loosely-played bit of Sherman Field drama.

Fleming Reedy

Our reply was that we enjoyed well-played baseball which is indeed a feast for the gods. Is there any greater thrill than a deft double play, a brilliant stint of pitching or some far-sighted managerial strategy that works?

Yet baseball, badly played, can be the most tedious of all sports. There can be too much idle time during a parade of pitchers, an evening of constant bickering with the umpires or by a long succession of walks.

To actually enjoy loose baseball must take a fan who (1) has the patience of Mr. Whistler's mammy, or (2) dines on horsehide, with or without tartar sauce and sleeps on a pillow of purest sawdust base.

Rooting for baseball, badly-played, amounts to cheering on a golfer who can't raise the ball off terra firma, a succession of fumbles in football or wild passing and errant shooting in basketball.

Even when ill-performed, however, other sports do not have the dead moments you sometimes see in baseball.

BASEBALL attendance being down everywhere like it is, we suspect the high lamas of the sport will be introducing new rules to speed up the game. This particularly must be true in the minors where perfection cannot be a consistent diet.

Our personal suggestions follow:

(1) Cut out the warmup pitches once the new moundsman gets on the playing field. Why can't he be warmed up when he enters the game?

(2) Make a signal stand up for an automatic walk. Why waste all of that time consumed by four needless pitches?

(3) Have the umpire assess a strike for players taking too much time reporting for bat.

(4) Put a time limit on arguments. When the time elapses, give the hecklers an automatic heave-ho.

(5) If it means delaying the game, cut out the pre-game confab between the managers and umpires. They merely compare notes on their gardens, children etc., anyway.

You saw an example of baseball at its best in the Denver-Lincoln game Monday night. That second game of the Lincoln-Wichita double bill Sunday night was something else.

One point we wish to make is that the A's are currently playing as good a brand of baseball as you're seeing in the league these days.

At least, the dead moments are few and far between and, in such colorful performers as Bill Stewart, Fleming Reedy and Joe Mangini, you're getting .300 hitting along with socko entertainment.

All the time, the A's have shown one admirable tendency that will keep us among their rooters: They refuse to roll over and play dead.

Their determination alone is deserving of your support.

LTC Sponsors Clinics

The Lincoln Tennis Club is sponsoring free tennis clinics for youngsters again this year.

Individual instruction is a feature of the clinics, which are held on Tuesdays from 3 to 4 p.m. at the LTC courts on Normal and South Streets. The clinics are open to anyone under 18.

Members of the LTC serve as instructors.

Browns Rap Yanks, 10-9, Despite Cerv's Three Hits

(From Press Dispatches)

AN eighth inning solo homer by Bob Nieman Wednesday enabled the St. Louis Browns to stop the New York Yankees 10-9, and take the third game of the series.

The Browns' conquest of the slugging bee knocked the Yanks to within two and a half games of second place Boston, who capitalized on home runs by former Tigers George Kell and Hoot Evers to beat Detroit, 10-3.

A heat-wilted crowd of 6,261 watched the Philadelphia Athletics stage a six-run burst in the eighth inning to whip the Cleveland Indians, 11-9. In keeping with the day of upsets, the Washington Senators strolled to a 10th inning, 9-6, victory over Chicago.

In the National League, both the first and second place teams emerged victorious. Brooklyn handed St. Louis a 3-1 defeat and New York edged Cincinnati 3-2. Boston thumped the Pittsburgh Pirates, 5-2.

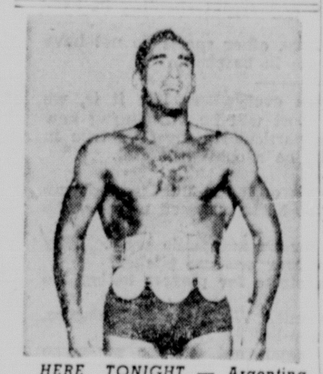

Manager Phil Cavaretta inserted himself into the Chicago Cubs lineup at first base in desperation and the strategy paid off as the Cubs downed the Philadelphia Phillies 4 to 1 to end a nine-game losing streak.

Besides blasting the game winning blow in the eighth for the Brownies, Nieman tied the score 9-9 in the sixth with a double that drove in Bob Young.

New York took a 9-8 lead in the fifth when Bob Cerv singled, advanced to second on Phil Rizzuto's single and came home on a single by Hank Bauer. The Yanks scored five runs in the second off Tommy Byrne when he hit Bobby Brown with a pitched ball, walked Rizzuto and gave up a triple to Cerv, scoring both runs. An error and singles by Bauer, Yogi Berra and Mickey Mantle were good for three more runs.

Cavaretta had only one hit, an infield safety, but he seemed to give the floundering Cubs enough spirit to pull them out of the doldrums. The Phillies' Gran Hamner contributed a pair of costly errors that permitted two Chicago runs to cross the plate.

Starter Bob Kelly and Reliefer Dutch Leonard helped the Cubs' cause by limiting the Phillies to five hits.

HERE TONIGHT — Argentina Rocca (above), the South American jumping jack, will head the fairgrounds wrestle card tonight.

Argentina Rocca On Tonight's Mat Card

Argentina Rocca, the biggest drawing card in wrestling, will be the headliner tonight in a special summer card at the fairgrounds, starting at 8:45 p.m.

He will be supported by two comely maidens and two roughnecks in a preliminary match.

Promoter Adam Krieger may do the refereeing himself.

Rocca will meet Joe Dusek, the Omaha meanie. It is Dusek who will not agree on any referee, so Krieger may step in himself.

Cora Combs, Hazard, Ky., meets Ethel Brown, Columbus, O., in one prelim. Both are redheads, so the action should be hot-tempered.

Bob Orton, Minneapolis, and Kola Kwariani, Hawaii, meet in the first match.

The matches start at 8:45 p.m. to accomodate the Thursday night shopping. Krieger has announced that a special air conditioning unit had been installed in the fairgrounds arena.

'Ikes' Sponsor Scholarship

Lincoln Waltonians decided at their Tuesday evening meeting to sponsor scholarships for several teachers to be selected for attendance at the 11-day conservation workshop to be held at Doane College, July 28 to August 9.

Adrian C. Fox, chapter president, said funds for financing the project will be raised by sale of shoulder patches for hunting jackets and windshield stickers bearing the Izaak Walton League of America emblem.

The workshop, which is for urban and rural elementary teachers, will be directed by Ivah Green, formerly rural school supervisor in the Iowa Department of Public Instruction.

Nebraska Anglers Face Rosy Future

GRETNA, Neb. (INS) — Officials at the Gretna state fish hatchery Wednesday held out a rosy promise for next year to Nebraska anglers who are partial to catfish.

They announced that 250,000 catfish eggs were collected in the hatchery's spawning ponds up to June 1 and that 150,000 of the eggs already have hatched into what will be plenty of diversion for Nebraska fishermen next year.

Past Champs Setting Pace In Women's State Golf Tournament

OMAHA (AP) — Jan Walker of Omaha went down in defeat to the Veteran Mrs. W. O. Larson Wednesday in a 19-hole match in the quarter-finals of the Nebraska Women's Golf tournament.

Mrs. Larson is a three-time state champion.

Miss Walker used three strokes from the collar of the 19th green to take a six, while Mrs. Larson went down in five to take the match. Mrs. Larson had a 3-up margin at the end of the first nine with a 42 but Miss Walker evened the match on the 16th. Mrs. Larson took the 17th and Miss Walker the 18th, to force the match to an extra hole.

Mrs. Russell Mann, the defending champion, edged Mrs. John Byrne of Omaha, 2-1 to advance into the semi-finals where she'll meet Mrs. S. J. Marchese of Omaha.

Mrs. Marchese barely got by Mrs. Fred Patz of Lincoln 2-1 for the semi-final post.

Mrs. Paul Hyland, two-time Lincoln champion, defeated Mrs. Harry A. Scott of Lincoln, 6-5 and will meet Mrs. Larson in the other semifinal.

Other results involving out-state golfers included:

18 HOLE DIVISION

First Flight

Mrs. George Boland, Omaha, defeated Mrs. Dean Sack, York, 4-3; Mrs. Paul Miller, Hastings, defeated Mrs. George Holdrege, Omaha, 2-1; Jean Poling, Beatrice, defeated Mrs. John Campbell, Omaha, 1 up on 19; Shirley Quinn, Omaha, defeated Mrs. Carl Fisher, Lincoln, 2-1.

Second Flight

Mrs. George Martin, Grand Island, defeated Mrs. B. P. Egan, Omaha, 5-4; Mrs. R. L. Clarke, Omaha, defeated Mrs. Q. L. Bengston, Fremont, 3-1.

Third Flight

Mrs. Ed Hinton, Omaha, defeated Mrs. Eola Neely, Lincoln, 4-3.

Fourth Flight

Mrs. Frank Prucka, Omaha, won by default over Mrs. Bud Kroblen, Hastings; Mrs. R. B. Clark, Hastings, defeated Mrs. Cliff Olds, Omaha.

9-HOLE DIVISION

Championship Flight

Mrs. Clarence Talsma, Omaha, defeated Mrs. Leo Kelley, Lincoln, 3-2.

First Flight

Mrs. Al Beister, Fremont, defeated Mrs. Al Fiedler, Omaha, 1 up on 12; Mrs. Al Blank, Omaha, defeated Mrs. Henry Williams, Fremont, 4-3.

Second Flight

Mrs. A. T. Schofferman, Fremont, won a default over Mrs. Glem Gaugham, Omaha.

Jim Turnesa Cops PGA Title

LOUISVILLE, Ky. (INS)—Jim Turnesa, stocky Briarcliff Manor, N. Y., professional, staged a garrison finish Wednesday to win the PGA championship from Chick Harbert, 1-up, on the 36th hole.

Turnesa, who had trailed the long-driving Harbert all day at Louisville's Big Spring course, finally tied the match on the 32nd hole and won out on the 36th.

The New Yorker literally snatched the title from the 37-year-old Northville, Mich., pro.

The match was played in 112-degree heat but a partisan crowd of 4,000 persons was on hand to cheer the doggedly courageous Turnesa as he went into the lead for the first—but decisive time—to win the match on the 36th hole.

Dworak Sparkles In Hillcrest Stag

Dr. Tom Dworak breezed home with a three-under-par 69 Wednesday to take top honors in the Hillcrest Men's Stag Day.

Despite a double bogey on the second hole and a bogey on number seven, Dr. Dworak toured the layout with the second best score of the season.

In the special event of the day, a low team best ball with handicap, Dworak teamed with Jerry Jones, Dale Wisbey and Bill Brennan to come in first with a low ball 65.

Other stag day winners were:

Low net—Don Thompson with a 81 less 20 handicap for 61. Bill Bryant and Merle Karnopp tied for second place with 68 after handicap.

Long drive on No. 1—Wayne Schammel. No. 3—Dale Wisbey. No. 8—E. R. Jorgenson. No. 12—Cal Caldwell. No. 16—Don Thompson.

Antelope Topples Randolph Midgets

The Antelope "B" team toppled Randolph "B" 11-7 for a Midget League win at the Randolph diamond Wednesday.

Don Wenzl relieved Bob Jackson in the sixth inning to earn the win. Wenzl struck out all six batters to face him.

Wenzl, Bill Roper and Sam Sloan led Antelope at the plate, all hitting two for four.

Other Midget League action found Northeast "A" edging College View "A," 6-5, F Street "A" downing Oakmont "A," 15-4, and Irving "B" defeating Whittier "B" 17-4.

Lines scores:

F Street	15—12—1
Oakmont	4—4—3

Hurza, Worbliski and Clark, Schrieber, Beibelhaus and Oswald.

Irving	17—6—3
Whittier	4—6—9

Weyland and Oltman, Weers, Schwartz and Arenas.

Berrigan Appointed St. Cecilia's Coach

HASTINGS (AP) — Bernard L. Berrigan, 1952 graduate of Marquette University, has been appointed head coach in all sports at St. Cecilia's High School here.

He will teach two classes besides handling the physical education work at St. Cecilia's. He will begin the job next fall, replacing Jim Clements, who resigned to enter private business.

Berrigan, 21, was born in Omaha and attended Creighton Prep High School there. He was an all-state choice in football, and also played basketball and participated in track.

New Suds Made specially for Midwestern water

Sensational new PARADE washes clothes 1½ times cleaner*

THE REVOLUTIONARY new washday wonder is here... for a whiter, brighter, sweeter-smelling wash, with or without rinsing.

YES, SENSATIONAL new Parade outperforms any soap...washes clothes 1½ times cleaner, according to scientific laboratory tests. That's because Parade is a *double duty* suds made specially for Midwestern water...specially for the wash water you use.

NEW PARADE makes floods of suds without a water softener. Parade floats out dirt, even the heaviest soil, without soaking. And Parade washes clothes clean and film-free without rinsing.

YET AMAZING NEW PARADE is as kind to your fine silks as it is thorough on your blue jeans. And so easy on your hands. Perfect for dishes, too.

GET PARADE, the suds made for your wash water, today. Safeway has it.

PARADE money saves you money!

...yes, 4¢ a box. Attached to every box of Parade is a token (Parade Money) worth 4¢ toward the purchase of your *next* package of Parade. There's no finer washday product. Yet, by using Parade regularly in washer and dishpan, you save, save, save.

*1½ times cleaner than average of nine leading washday products in hardest water.

GUARANTEE ON EVERY BOX
Parade is guaranteed to give you better results in washer and dishpan than any soap in the world—*or your money back.*

Get it at SAFEWAY

Lodge Insists It Will Be Ike On Second Or Third Ballot

Important Recent Shift Is Claimed

DENVER (AP) — Sen. Lodge (R-Mass) declared Wednesday that an "important shift" in delegate sentiment in the past 48 hours has assured Gen. Dwight D. Eisenhower the Republican presidential nomination on either the second or third ballot at the GOP national convention in Chicago next month.

Lodge, who is Eisenhower's national campaign manager, refused to tell a news conference where this shift of sentiment had taken place. But he added that he came here for the purpose of giving Eisenhower deails of this development.

He said the reason this shift came about was:

Terms It Last Chance

First, the realization that Eisenhower was the one man the Republicans could elect in November; second, this is their last chance to go with a winner; and a realization by delegates that Sen. Robert A. Taft of Ohio cannot win the nomination on the first convention ballot."

Lodge flew here from Chicago to go into a huddle with Gen. Eisenhower and other top lieutenants in the general's presidential campaign.

The senator insisted that Eisenhower will have more than 500 votes on the first ballot at Chicago, while Taft will have less than 400. He said the Taft forces realize "the jig is up" and are making desperate claims of delegate strength which they do not have.

Ike Likely To Attend

Lodge implied that Eisenhower will go to Chicago and make an on-the-scene fight for the nomination. But he refused to say whether that decision had been made.

When reporters asked if Eisenhower would go to Chicago, Lodge replied, "I have no announcement on that yet."

A reporter asked Lodge why he had come to Denver.

"I came here to tell the general personally of some very favorable developments in the last 48 hours," he said. "I can't tell you what those developments are today. But you will know of them soon."

Lodge said that for the first time in the campaign he was making a prediction on the delegate strength behind Eisenhower.

ALL-STATE FINAL CONCERT—The All-State band under the direction of David Fowler, presenting a varied program before a large audience, brings the finale to the 1952 All-State on the University of Nebraska campus. (Star Photo.)

All-Staters Finish Activities With 'Review' Concert Here

By RAY SCHAUMBURG

With the All-Staters final concert at the Coliseum, the thirteenth annual High School Fine Arts Course belongs now to the mere records of the University of Nebraska. Just history to most everyone except to the more than four hundred participants, counselors, teachers, directors and even parents of the All-Staters who have found their lives culturally enriched.

The concert, a resume of what had gone before, began with the band playing "Invercargill" by Lithgow, "Zampa Overture" by Herold, "Moods Americana" by Humel and "Stars and Stripes Forever" by Sousa.

The choric speech choir presented three selections: "The Spider and the Fly" by Howitt, "The Creation" by Johnson and "The Declaration of Independence" which as every school lad knows, was written by one T. Jefferson.

The orchestra played the "March of the Boyards" by Halvorsen, the "Short Overture to an Unwritten Opera" by Don Gillis and the Finale from the "New World Symphony" by Dvorak.

The chorus sang "O Lord Have Mercy" by R. E. Williams, "For All the Saints" by Vaughan Williams, "White Evening" by Margaret Shelly, "Run to My Lord" by Shaw, "It's So Peaceful in the Country" by Ades, "Res' My Shoes" by H. R. Wilson, and "Body and Soul" by Green.

As a finale to the Wednesday evening concert, the entire All-State personnel presented Wood's adaptation of "America the Beautiful" called "Adoration."

Directors of the ensembles were: Band, David Fowler; orchestra, Emanuel Wishnow; speech choir, Maxine Trauernicht and chorus, Dr. David Foltz.

Flying Tigers To Meet

NEW YORK (INS)—Veterans of Gen. Claire L. Chennault's Flying Tigers—the first American fighter group to see action against the Japanese in World War II—will gather in Hollywood over the week-end for their first reunion.

Gen. Chennault will fly to Los Angeles from Oklahoma City and speak at the reunion dinner.

Joseph Burden, 68, NPPS Boilerman, Dies At Local Power Plant

Joseph Burden, 68, 840 No. 25th, was discovered dead Wednesday morning in the men's wash room of the Nebraska Public Power System, 425 So. 9th, by Conrad Kummercell, 902 H, an employe.

Burden, a boiler maintenance man, complained of not feeling well during the past two days, according to Kummercell. He was in the wash room preparing to go home before Kummercell entered.

Deputy Sheriff Mark Meyers, acting as coroner, said that death apparently was from overheating or from a heart attack.

Survivors are a son, Herschel, Lincoln; three brothers, Frank, John and William, all of Lincoln, and two sisters, Mrs. Mary Davis, Lincoln, and Mrs. Martin Pickens, Pasadena.

Injured Man Released—Hubert Knapp, 28, 2044 Q, was released from Bryan Memorial Hospital Wednesday after undergoing treatment for injuries to his chest and left side received in an automobile accident at 21st and P Streets Tuesday evening. Knapp was driving south on 21st and was in collision with a westbound car driven by Vern A. Finley, 42, 2209 P. Both cars were pushed over the southwest curb by the impact, police said.

Beatrice City Council Approves Record Budget

BEATRICE, Neb. (INS) — The Beatrice City Council has given its approval to a budget of $385,000, largest in the city's history.

The new budget is nearly 28 thousand dollars higher than last year's.

Ray Overturf, Former Lincoln Resident, Dies

Ray Emerson Overturf Sr., 58, a former Lincoln resident, died at his home at Roseland, Adams County, Wednesday night.

Born and schooled at Elk Creek, Neb., he lived in and near Lincoln for 28 years.

Survivors are his wife, Bessie; three daughters, Mrs. Marjorie Smith, Denver; Mrs. Bessie Kapke, Huskerville, and Mrs. Frances Kapke, Lincoln; one son, Ray E. Jr., of Wahoo; one brother, Russel, Hill City, Kan., and 12 grandchildren.

"O" STREET BETWEEN 13th & 14th EVERY DAY IS SALE DAY!

I got Conoco's NEW 1-2-3 "50,000 Miles No Wear" Service!

Drive to your nearest Conoco Mileage Merchant and ask for Conoco's great new "50,000 Miles—No Wear" Service—a service that helps your engine stay like new year after year, perform better, use less gasoline and oil!

It's exactly the *same* service that kept test cars *new* in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed *no wear of any consequence:* in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the *last* 5,000 miles was actually 99.77% as good as for the *first* 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

Here's the Famous "50,000 Miles—No Wear" Service!

1 Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot! "Hot-oil" drains every one thousand miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!

2 He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges, record the mileage. Every time hood is lifted, he'll check the mileage to make sure filters have been serviced at proper intervals.

3 He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—and OIL-PLATE against wear.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers left to right. Then read the message the letters under the checked figures give you.

Yesterday's Answer

ONE MAN'S OPINION By Walter Kiernan

(Distributed by International News Service)

Maybe it would be better to turn the government over to John Lewis until it gets on its feet . . . he was offering to lend $10,000,000 to steelworkers while we were dropping $3,000,000 in flax seed.

☆ ☆ ☆

And John's got more money where that came from and all we've got is more flax seed.

☆ ☆ ☆

And more taxpayers to pay for bum deals in flax seed.

☆ ☆ ☆

My barber said he hadn't heard of flax seed since his grandmother stopped making poultices out of it 30 years ago but the government not only heard of it but bought the crop.

☆ ☆ ☆

And $3,000,000 worth of sand, gravel and grit carefully tucked under it.

DAILY CRYTOQUOTE

Here's How To Work It

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

T F R U K V X V L H Z K M O S D X, O B O H K U K V S O E D Z Z L O O X E K B H S U K Q U K V B Z K M O—E K B R L E K B H S.

Yesterday's Cryptoquote: HE IN HIS HEART FELT THAT MISGIVING WHICH PRECEDES BELIEF IN WHAT WAS DISBELIEVED—SOUTHEY.

Linseed oil: 32 per cent protein, $91@92.

Upland prairie: No. 1 $25@26; No. 2 $24@25; No. 3 $19@21; sample grade $16@18.

Alfalfa: No. 1 $29@30; standard grades $27@29; No. 2 $23@25; No. 3 $22; sample grade $18@21.

BOND MARKET

NEW YORK (AP)—A flurry of activity in the railroad section tilted the bond market forward Wednesday.

Sales topped the three million dollar level for the first time in two weeks, but it was not until the final hour that market assumed a definite direction. Volume totaled $3,020,000 par value against $2,880,000 Tuesday.

Cattle—Steady to $1.00 higher top $36.00.

Rail Strength Boosts Market

NEW YORK (INS)—A burst of strength in rail shares gave the stock market an all-round lift Wednesday. Important gains however, were limited to a relatively small number of issues.

There was a moderate pick-up in volume to around 1,250,000 shares as traders decided to expand commitments in anticipation that President Truman would invoke the Taft-Hartley Law in the steel dispute before nightfall.

The resumption of demand for carrier stocks followed three days of decline in the rail average and lifted this group to another new 21-year high. The previous peak had been set on June 9.

Rock Island was the pacesetter with a rise of nearly 2 points at its best followed by a one point gain in Southern Pacific and lesser advance in most other rail shares.

A handful of oils bounded up spiritedly. They included Richfield up nearly 3 points at its top; Kern Country Land up more than 2; and Shell up 1¼.

Elsewhere in the industrial list, Motorola soared 2⅝ points at its best on reports of a possible split of the shares.

Curb stocks were selectively higher. Big board bonds were firm with speculative-grade rails attracting demand. Wheat sold off sharply in commodities.

Old Soy, Corn Contracts Rise

CHICAGO, (AP)—The old crop contracts of corn and soybeans, and particularly the July months, whirled up all by themselves on the Board of Trade Wednesday.

While these deliveries were knocked out gains of several cents, wheat faded quickly in the closing minutes after early steadiness and the rest of the market recorded minor changes, mostly on the downside.

Wheat finished ⅝-1⅜ lower, corn ⅝ lower to 1⅜ higher, oats ¼-⅝ lower, rye ⅝ lower to ½ higher, soybeans unchanged to 4¼ higher and lard unchanged to 8 cents a hundred pounds higher.

Federal Government 'Helping In Every Way'—Dr. Moseman

Dr. A. H. Moseman . . . We are doing a service. (Star Staff Photo.)

Dr. A. H. Moseman, born in Oakland, Neb. and now a leader in agricultural research, said Wednesday night the Federal government is co-operating in every way to aid farm economy.

Dr. Moseman, who received his bachelor's and master's degrees from the University of Nebraska Agriculture College, is chief of the bureau of plant industry, soils and agriculture engineering at Beltsville, Md.

He received his doctor's degree from the University of Minnesota and entered the federal research bureau at Beltsville in 1944. Last November, at the age of 38, he was named chief of the bureau and is one of the youngest research bureau leaders in governmental service.

Dedication Speaker

Federal and state agricultural research work will be stressed by Dr. Moseman in an address at dedication services Thursday for the new Agronomy building at the University Agriculture College.

"We are concerned," said Dr. Moseman "with the pooling of federal research facilities with Federal and state funds in attacking farm and consumer problems."

"If we can find ways to reduce farm losses," he said, "we are doing a service to farmers, consumers and the economy of the whole country."

Dr. Moseman said efforts are now being made to offset a continual reduction of manpower on the nations farms. "We must try to increase the ability of the people who are left on the farms" so that production is not lost.

He said 85 per cent of the nations population are now in the cities.

The farmer, he said, is the first to feel depressed prices. "The more we can do in research to stabilize prices, the better farm program we will have," he added.

Lincolnite Fined On Fraud Charge

A 22-year-old Lincolnite, Jerry Gray of 1131 H, was fined $100 and costs in Municipal Court Wednesday after pleading guilty to a charge of obtaining money under false pretenses.

Gray obtained $25 from a Lincoln man Monday after telling the man he had just purchased a tavern in Roca and was in good financial standing in Lincoln, according to the complaint filed by County Attorney F. H. Wagener.

The complaint charged that Gray had not purchased the tavern and was not a solvent citizen of Lincoln.

Sentenced To Jail On Morals Charge

A charge of contributing to the delinquency of a 16-year-old Lincoln girl brought a 30-day jail sentence and $100 fine for James McGoyne, 25, of 1407 Q.

McGoyne came to Lincoln with the girl's father in February presumably to marry the girl, Mrs. Hulda Roper, policewoman, told Municipal Judge John Jacobson.

After the girl refused to marry him, McGoyne continued to live with the family of 10, she explained, and had improper relations with the girl.

Juvenile authorities have sent the girl to the Milford State Home.

Attlee Hits Yalu Raids

Eden Maintains Full Support Of Action

LONDON (AP)—Former Prime Minister Attlee charged Wednesday that the big American bombing of Yalu power plants in Korea carried the "conditions of total war" to Red China and endangered chances of an armistice.

"I think this is a profound mistake in psychology and it is not the first mistake in psychology that has been made in the course of these events," the Labor Party leader told the House of Commons in a full debate.

In reply, Foreign Secretary Anthony Eden said he was "sorry" Britain had been kept in the dark on the plans for the bombing but "we give our Allies full support in it."

Eden said he would not like to estimate whether the action had lessened the chances of an armistice, adding, "If this bombing is intolerable to the Communists they really have the remedy in their own hands. An armistice can be concluded tomorrow on terms which satisfy the honor and interests of both sides if the Communists want it."

Attlee said Wednesday the power plants supplied not only North Korea but part of Manchuria in Red China and Siberia in Soviet Russia, and there seemed to be "no overwhelming reason for the attack upon them at the present time."

Nemechek Action Against Van Gundy Is Dismissed

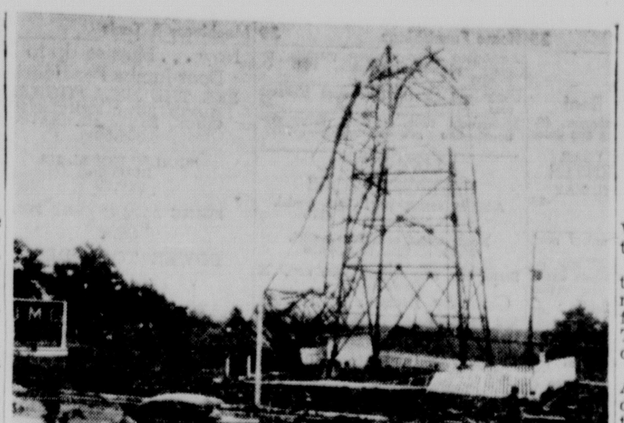

Federal Judge John W. Delehant dismissed action against LeRoy Van Gundy brought by Frank Nemechek, Humboldt. The plaintiff and Van Gundy made a settlement out of court.

Nemechek's suit for $116,000 from the J. C. Penney Company in payment for injuries he received in an automobile accident June 18, 1951, involving James Tieg, a Penney Company agent, and Van Gundy is not affected.

The petition, filed by Nemechek charged that as a result of the accident he suffered a total loss of sight.

Newens Joining Staff Of Advertising Firm

OMAHA (AP)—William J. Newens, former manager of radio station KOIL in Omaha, will join the staff of Allen and Reynolds, Omaha advertising and public relations firm, Newens operated a Lincoln advertising agency from 1937 to 1943, spent 2½ years as a naval officer and from 1947 until his recent resignation was with KOIL.

TORNADO TOPPLES RADIO TOWER—This 450-foot transmitter tower of radio station WJMC at Rice Lake, Wis., built to withstand 120 mile-per-hour winds, was bent over 65 feet from the ground by a tornado. The storm was one of a series which have whipped through Minnesota and western Wisconsin the past two nights, killing three persons and causing heavy damage to homes, farm buildings and communications facilities. (AP Wirephoto Wednesday Night.)

Nebraskan Killed In Korean Action

GRAND ISLAND, Neb. (AP)—Mr. and Mrs. Pete Meister of Grand Island, formerly of Greeley, have received word of the death of their son, Cpl. Robert Peter Meister, from the War Department.

Cpl. Meister was killed in action in Korea June 16. He had been overseas since the spring of 1951 and had the necessary points for rotation next month. He was serving with the 45th division, 179th infantry regiment.

His father, injured in a two-car collision May 3, was dismissed from the hospital only this week. Both he and Miss Roberta Meister, twin sister of the serviceman, were seriously injured in the accident nine miles north of Grand Island on Highway 20. Benjamin S. Heitt, 61, St. Paul, was killed in the crash.

Injured Nurse Granted $1,949 From Lincoln

Frieda Hetherington was granted a lump sum settlement of $1,949.32 from the City of Lincoln by District Judge Harry A. Spencer, in payment for injuries received while employed as a city nurse.

The nurse charged she was injured in an automobile accident May 3, 1948, while in performance of her duties. Surgery was necessary to repair a back injury as a result.

The court awarded Miss Hetherington $1,562.32, Dr. Louis Gogela $300, Dr. Robert Stein $77, and the Lincoln Orthopaedic Clinic $10.

Tipsy Motorist Is Impressed By Soft Concrete

LOUISVILLE, Neb. (AP)—Highway Engineer Herb Schwaderer tells about the intoxicated motorist who drove around a barricade on Highway 50 north of Louisville and plowed into some soft, newly-laid concerete paving. The tires sank six inches into the cement.

"You must have had a heck of a rain here," the motorist was quoted as saying after he got back on firmer footing. "I could hardly make it in low."

Scribes Pick Taft To Face Stevenson

NEW YORK (AP)—A Newsweek magazine poll of 50 newspaper political writers shows that they expect Sen. Robert A. Taft to run for president against Gov. Adlai Stevenson.

However, Taft holds only the narrowest of edges over Gen. Dwight D. Eisenhower as their choice to win the Republican nomination. Twenty-five picked Taft, 24 Eisenhower.

In a similar poll May 26, Eisenhower was a heavy favorite 35-11 to beat Taft.

The poll appears in the June 30 edition of Newsweek.

Four years ago, a similar Newsweek poll showed the late Sen. Arthur Vandenberg (R-Mich) as the political writers' favorite for the GOP nomination. Gov. Thomas E. Dewey, who won it, was second. President Truman, of course, was the choice for the Democratic nod.

Heat Sears Half Of U.S.; Crops Wilt

(By The Associated Press)

Summer turned up the burners Wednesday and parboiled half of the nation.

Millions of Americans endured the hottest day of the year. The mercury got up to 94, top mark for the year, in Philadelphia. Three persons collapsed and one died there.

Crops were burning up in Arkansas. It was the 33rd straight day without substantial rain in that state.

Detroit city officials were drafting an ordinance curbing the use of water for air cooling systems and sprinkling lawns.

Record Set In New York

New York City had a record for the date and its highest reading of 1952—96.5. Chicago's official thermometer registered 95.7. The record for the date, 95.8 was established in 1923.

Wednesday was the ninth day this month that Chicagoans simmered in temperatures of 90 or higher. The average for a full year is only 12.

But St. Louis folks have watched the mercury reach or exceed 90 on 20 days in June.

The hot, humid air covered a tremendous section of the U. S. It extended from the Gulf of Mexico to the Great Lakes and from Texas to the Atlantic coast.

No quick, widespread relief was in sight.

Grand Island Man Dies Of Injuries

GRAND ISLAND, Neb. (AP)—Robert Michel, 35, of Grand Island died here Wednesday from injuries received Saturday in a traffic accident seven miles south of Ravenna in Buffalo county.

Michel was a passenger in a truck driven by Ronald W. Pokorney of Grand Island. Pokorney lost control of the truck and the vehicle went into a deep ravine. Pokorney was not injured.

Charles Armstrong, 59, Retired Farmer, Dies

Charles Marion Armstrong, 59, a retired Greenwood farmer, died Wednesday in Lincoln.

He was a lifelong Lancaster County resident.

Survivors are his wife, Ina; three sons, James of Greenwood, Lyle of Waverly and Charles Jr. of Lincoln; his mother, Mrs. John Armstrong of Greenwood; two sisters, Mrs. Walton Ferris of Lincoln, and Mrs. Mildred Jardine of Washington, D. C., and nine grandchildren.

Immigration Bill Vetoed

Truman Labels It Discriminatory

WASHINGTON (INS) — President Truman Wednesday vetoed the McCarran-Walter Immigration Bill which he called "fantastically" discriminatory and a "slur on the patriotism and decency" of many Americans of foreign origin.

A battle to override the veto immediately shaped up in Congress and threatened to sidetrack the drive for adjournment July 5.

Mr. Truman rejected the controversial legislation a few hours before it would have become law without his signature. He asked Congress for a new bill and creation of a 12-man immigration commission of "outstanding Americans."

The State and Justice Departments recommended the President's approval of the measure, but the Budget Bureau opposed it.

The President supported opponents of the bill who called it "unjust" to southern and eastern Europeans, Negroes and Orientals.

The measure would have provided for tighter screening of immigrants and tougher deportation procedure. It called for retention of immigration quotas fixed in 1924, favoring England, France and Ireland.
